

## HELP BUILD The Cruiser LOS ANGELES- BUY an EXTRA WAR BOND in JULY!

### A Beautiful LITHOGRAPH of the U.S.S. LOS ANGELES FREE

The thrilling picture of the U.S.S. Los Angeles reproduced above was drawn especially for this campaign by Arthur Beaumont, America's foremost naval artist. An original lithograph of this picture will be presented free to every buyer of an EXTRA War Bond this month. Hang it in your window or frame it for your home or office as a permanent memento of your part in building a mighty fighting ship that will proudly bear the name of this community.

Today no fighting ship bears the name of this great county with its miles of coast line facing the battleground of the Pacific. The heroic deeds of other cruisers—the Houston, the Boise, the San Francisco—are already writ in bright colors on the pages of naval history. Los Angeles too must have a ship proudly to carry its name in the winning fight for freedom.

To aid in bringing this about, a county-wide Citizens Committee composed of civic leaders and representatives of industry and labor has been organized. The Navy Department has given its approval. The battle cruiser Los Angeles will be constructed immediately if the necessary funds to build it are provided by this county through the purchase of War Bonds.

### FORTY MILLION DOLLARS IS NEEDED

It takes 40 million dollars to build and equip the cruiser Los Angeles . . . 40 million fighting dollars to build a mighty fighting ship. Your dollars . . . everyone's dollars . . . are needed. You are not asked to contribute this amount but to invest in War Bonds, the finest of all securities. It must be done this month . . . July . . . so that construction can begin immediately.

Your dollars will help to build the U.S.S. Los Angeles . . . whether you can invest \$18.75 or \$100,000. Both large and small purchases are needed. Three series of War Bonds are available . . . an investment to fit every purse.

### INVEST \$18.75 OR \$100,000

**Series E** is the "People's Bond." For every \$3 you invest your government will pay you back \$4 at maturity in ten years. If held to maturity the annual rate of interest is 2.9 per cent, compounded semi-annually . . . **Series F** is designed for individuals, corporations, associations, etc. This series is purchasable up to \$100,000 (cost price) in any year, matures in 12 years and yields about 2.53 per cent per annum, compounded semi-annually . . . **Series G** is a current income bond and pays 2.5 per cent interest a year semi-annually by Treasury check. It may be purchased in amounts up to \$100,000 in any calendar year, and is designed for corporations, associations and private investors large and small who want a current return on their funds.

Visit your Bank, Post Office, Savings and Loan Association, Retail Store or Theatre . . . wherever War Bonds are sold and buy an extra War Bond today.
