**SENIOR GAS OFFICER NAMED; PUBLIC GIVEN INSTRUCTIONS**

Wilfred Jones has been appointed by A. W. Rawn, county senior gas officer, to act as senior gas officer for the Vermont district. He will be concerned primarily with the unincorporated areas and will act as liaison in Rawn's organization for Torrance and other cities of the district. With Jones' appointment to this

key Civilian Defense post, the following instructions are released. Readers are asked to clip them out and keep them handy:

1. Stay indoors. A tightly closed room affords protection against war gas. All windows and doors should be tightly shut, and blankets (to be soaked with water) or cardboard should be kept in readiness to cover shattered windows. Choose a room on an upper floor if possible; most war gases are heavier than air, although they may be carried up with air currents.
2. If caught outdoors in a gas attack, get out of the area at once. Look down and shield your eyes with your arm. Do not worry about any brief vapor exposure to which you may be subjected. The danger from this source is not great.

**Eye Treatment Outlined**  
 3. Prompt action will avoid serious effects. If you know or suspect that you have gotten any of the gas on your person or clothing, do not go hunting for a casualty station or gas cleaning station and expect someone else to help you. Knock on the first door you come to, and take whatever steps are necessary. Self-aid is the quickest and safest way.

4. This is what you should do. This routine should be memorized so it will be done automatically in an emergency:  
 (a) Remove shoes and outer clothing and drop them outside the house, in a covered can if available. Do not touch this clothing again except with sticks or gas-proof gloves. Do not cling to false modesty. To enter a house with contaminated clothing endangers everyone in it.

(b) Get to a bathroom, kitchen or laundry room as fast as possible.

(c) If your eyes have been exposed to liquid gas or spray, flush them immediately. Plain water out of a faucet, shower head, canteen, or water bag will do, but a lukewarm dilute solution of bicarbonate of soda (heaping tablespoonful in a quart of water) is even better, if it is handy. Let anyone nearby help you.

(d) If drops of liquid blister gas have splashed the skin, you can prevent serious burns by adequate cleansing. Promptly blot up the liquid with pieces of cleansing tissue, cloth, or a handkerchief, which should be disposed of carefully in order that it cannot contaminate anyone else. Then sponge the skin briskly with laundry bleach containing sodium hypochlorite, if it is at hand, and rinse it off under the shower or in a tub. A thorough bath with a vigorous

**Supply Team Defeats Army; Series Near End**

By defeating the fast Army Ordnance team, 10 to 4, the National Supply softball club managed by "Red" Moon, evened the score with the soldiers at Torrance city park diamond last Friday. The Army squad had previously beaten the Supplymen in the first game of the final round of the Compton Recreational League.

Last Friday the local club took the lead in the first inning and was never headed. The game was highlighted by the heavy stick work of Bill Patterson and Jimmie Carlin who each got 3 for 4, including two home runs by Carlin. "Red" Dawson pitched a good game, limiting the Army to eight hits. He was in trouble only once and that was in the fifth when he was touched for all four of the Army's counters.

Tomorrow (Friday) night the Supplymen take on the Northrop Flyers at the Compton field. Remaining games on the league schedule are: July 21, with the Calship Riggers, July 27 with MacMillan Oilers and Aug. 5 with Calship Mariners. Plans are being made for a league to be started at the Torrance city park immediately following the close of the Compton tourney.

Batting averages for all games played to date by the Supplymen are:

Player	At Bat	Hits	Ave.
Patterson, 1b	30	13	.433
Carlin, cf	27	8	.299
Schneider, 2b	28	15	.535
Gray, cf	18	6	.333
Romine, 3b	21	5	.238
Wright, ss	18	8	.333
Mason, lf	25	10	.400
Smith, rf	14	4	.285
Pupkoff, ut	7	2	.285
Malone, c	18	5	.277
Dawson, p	10	5	.500
Moon, ut	7	5	.714
Watrous, p	15	4	.266
Johnson, ut	2	0	.000
Buffalo, c	2	1	.500
Engle, ut	1	1	1000

**State Has Largest Federal Payroll in Union**

Except for New York and the District of Columbia itself, California has the largest Federal payroll in the union, a recent survey, revealed. Federal employees in the state total 184,000, a few less than the 193,000 employees by state and local government.

In some states, however, the Federal workers actually are greater in number than state and local employees, the survey revealed.

Shoes are being made with soles of plastic, felt, wood, combination of cotton and wool, cord and friction belting and other fabric and synthetic substances.

**MYSTERY!**

**Home for Sale**

When Nora and Ted tacked a "for sale" sign on their home, neighbors were mystified. It was one of the most attractive on the block and they seemed so happy in it.

What those neighbors did not know was that improper financing had turned the house into a source of perpetual worries... worries which Nora and Ted might have avoided had they arranged their financing at this bank.

For every day, Bank of America's real estate loan service enables home owners to select the type of loan best suited to their personal financial needs.

If you require money to buy real estate, to refinance, or if you wish to borrow on real estate for any purpose, come to this bank.
