**Gas Bills Issued Every Other Mo. In This District**

Gas users in Gardena, Lomita, Torrance and other cities, and in unincorporated areas throughout the county will receive their gas bills only once every other month under a new system now being introduced by Southern California Gas Company.  
According to notice now being mailed to customers, the change from a monthly to a bi-monthly billing basis is being made in order to save manpower, tires and supplies as part of the general war-time conservation program. Any customer who wishes to continue his budget on a monthly basis may secure coupons from the gas company upon which an estimate of the usual monthly bill will be shown. These coupons can be mailed in with an advance payment on the off-billing months, an adjustment of over- or under-payments being made with the regular bill every two months.  
About 62,000 meters are involved in the change, according to G. W. Carbee, company division manager. The gas company experimented with the plan in some sections of Los Angeles county before introducing it here, he declared. Results there have been quite satisfactory, not only from the point of view of the company but from that of the customer as well.

**ORDINANCE NO. 318**  
**AN ORDINANCE OF THE CITY OF TORRANCE CREATING A FUND FOR CAPITAL OUTLAYS.**

The City Council of the City of Torrance does ordain as follows:  
SECTION 1. A fund is hereby created for capital outlays for public improvements under the provisions of that certain Act of the Legislature of the State of California entitled: "An Act to provide for the levy and collection of taxes and assessments for the purpose of creating a fund for capital outlays by Cities, Counties, Cities and Counties, or Districts," approved July 1, 1937, and being Chapter 717 of the Statutes of 1937, as amended.  
SECTION 2. Such fund shall be known as "Special Fund for Capital Outlays," and said fund shall remain inviolate for the making of such capital outlays as the City Council shall direct to be made from such fund, and no monies shall be disbursed therefrom for any other purpose, excepting upon consent of the electors obtained as provided in said Act, as amended.  
SECTION 3. Taxes may be levied upon the taxable property in said City for the raising of monies for said fund but no levies so made shall exceed the limitations imposed by the General Laws of the State upon the right of said City to impose taxes, without the assent of two-thirds of the qualified electors of this City voting at any General or Special election at which such proposition may be submitted.  
SECTION 4. The City Council may transfer to such fund any unincumbered surplus funds remaining on hand in this City at the end of any fiscal year.  
SECTION 5. This Ordinance shall take effect thirty days after the date of its adoption and prior to the expiration of fifteen days from the passage thereof shall be published at least once in the Torrance Herald, a weekly newspaper published and circulated in the City of Torrance, and thereupon and thereafter the same shall be in full force and effect.  
Adopted this 13th day of October, 1943.  
TOM F. MCGUIRE,

I, A. H. Bartlett, City Clerk of the City of Torrance, California, do hereby certify that the above is a summary of cash receipts and disbursements for the City of Torrance for the fiscal year ending June 30, 1943.

**EASY ON RATION POINTS**  
Rather than spend ration points on salad oil, use cooked dressings, or sour cream dressings. Or make dressings of evaporated milk, costs fewer ration points than salad oil and gives more food value.  
**DRIPPINGS FOR COOKING**  
To save butter and margarine ration points use bacon drippings for muffins, dark breads of all kinds, corn bread, molasses cookies, gingerbread and spice cake; chicken fat for pastries and cookies; suet for pie crust.  
**WRINGER ROLLS PRECIOUS**  
When wringer rolls begin to lose their grip, the glaze can be removed. Roughen rolls with coarse sandpaper, then wipe off with a damp cloth. Use sandpaper with discretion, of course.  
Fire-proof cotton batting, treated with a non-toxic composition, is now on the market.

**He's thinking about calling the folks back home**

Going to call tonight, when he's off duty. He won't have much time and that call means a lot to him.  
Might be to a mother or dad or sweetheart right in your town or on your street. It can be as close and near to you as that.  
You can help him get better service if you don't do any Long Distance calling of your own between 7 and 10 each night. That's about the only time he can get to the telephone.
