Pray God you will never know the tread of a conqueror's heel. You might have... if Axis strategy had marked America, instead of Europe and Asia, for the initial onslaught of the blitz. Look at your home and family, and thank God for allies with courage and a will to resist. They slowed the enemy's march while your nation awoke and gained time to arm for the fight.

These gallant allies need help. Their bodies starve... their souls require the assurance that American might and mercy are on the march. Humanity demands that you help ease the suffering of men, women and children whose agony is no fault of theirs. Common sense demands that you give... to keep alive the flame of resistance that scorches the enemy from every side.

This year the War Chest incorporates fourteen United Nation agencies. Your gift could serve no worthier cause... yet it will also buy needed recreation for our boys in uniform... and provide for ninety-two organizations that care for this community's destitute old people and children.

Think it over, Americans, and you will do your share. Your heart, your patriotism, your common sense will see to it that you contribute generously to the War Chest.
