## Ginny Simms Won't Talk

While songstress Ginny Simms and former actor Pat Nersey, now a sailor in Uncle Sam's Navy, are seen around the film capital together much of the time, they still won't answer "yes" or "no" to marriage queries. They're shown here as they stepped out to a Hollywood cafe.

## Postoffice Rules for Overseas Christmas Mailing are Given

"Save strong string and box material and start to plan shopping," Postmaster C. Earl Conner advises Torrance residents in announcing the rules for mailing of Christmas gifts for Army and Navy personnel overseas.

This year the Christmas mailing period for both Army and Navy overseas forces is the same—Sept. 15 to Oct. 15. After Oct. 15 no gift parcel may be mailed to a soldier without the presentation of a written request from him.

The great demands upon shipping and the need for giving preference to arms, munitions, medicine and food is the prime reason for the early mailing date. Moreover, gift parcels must travel great distances to reach Army and Navy personnel who are located at remote posts and frequently the transfer of large numbers to new stations necessitates forwarding of the packages and additional time is required.

"The response that the people made last year during the overseas mailing period demonstrated that they will cooperate in any measure designed for the welfare of our armed forces personnel," Conner said. "It is not easy to concentrate on Christmas gifts in the midst of warm weather here at home but our people recognized the need and because they want the men and women who are absent from their homes to know that they are not forgotten at Christmas they took pains to assure prompt delivery of Christmas gifts."

More care must be taken in wrapping and packing parcels securely and addressing them clearly and correctly.

If the gifts are to be protected in transit they must be packed in boxes made of metal, wood, solid fiberboard or strong double-faced corrugated fiberboard, reinforced with strong board, paper or tied with strong twine. If both tape and strong twine are used, so much the better. If the outer wrapper is crushed—and this is likely to happen—the loss of contents may be prevented if fiberboard boxes are wrapped in heavy paper.

Many parcels, which families and friends sent to men and women overseas last year were undelivered because they were damaged in transit and the gift and the outside wrapper became separated. Write the address of the sender and addressee inside the package as well as outside.

Christmas gifts mean much to our people overseas. Because strong twine, heavy paper and boxes and fiberboard will prove of real help in making delivery of gifts possible, those at home should begin saving these materials now. As time goes on they are going to become even more scarce than they are now.

Among the more important rules for Christmas mailings to the armed forces overseas are the following:

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas parcel" so that it may be given special attention to assure its arrival before Dec. 25.

Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.

When combination packages are made up of such items as miscellaneous toilet articles, hard candles, soaps, etc., the contents should be tightly packed so that they will not become loosened in transit and damage the contents or the cover. Hard candles, nuts, caramels (including those covered with chocolate), cookies, fruit cake, and chocolate bars individually wrapped in waxed paper should be enclosed in inner boxes of wood, metal or cardboard.

Perishable goods, such as fruits and vegetables that may spoil, are prohibited. Inflammable materials such as matches or lighter fluids, poisons and anything that might damage other mail also are prohibited. Gifts enclosed in glass should be substantially packed to avoid breakage. Sharp instruments, such as razors and knives, must have their edges and points protected so that they cannot cut through the coverings and injure postal personnel or damage other packages.

Relatives and friends who know that the personnel in the armed services to whom they plan to send gifts are at far distant points should begin to mail their packages on the opening day—Sept. 15—of the mailing

## Dove Season Opens on September 1

Dove season opens in California Sept. 1 and closes Oct. 12, with the exception of Imperial county, where the season opens Sept. 15. Shooting hours are one-half hour before sunrise to sunset. Bag and possession limit, ten mourning doves per day. Only a shotgun not larger than 10 gauge, fired from the shoulder, may be used, capable of holding not more than three shells at one time.

This is what the fish and game wardens have to say on opening day prospects:

Los Angeles county—Doves plentiful around outer sections of Arcadia and Monrovia. Orange county—Opening of dove season will be fair in all grain and foothill areas throughout this county.

### IDLE STATISTICS

According to reports reaching the Los Angeles chapter, a sailor with time on his hands one Sunday in the South Pacific took statistics on three staff assistants in a Red Cross service club. He reported that in five minutes each girl answered 31 questions, at the rate of 6.2 per minute, and each turned on 103 smiles at the rate of 20.6 per minute—one every three seconds.

## Columbia Gets Third Gold Star At Pittsburg

A third gold star, awarded for continued achievement in producing materials for the U. S. Maritime Commission, will be added to the Maritime "M" pennant now flying over the Pittsburg Works of Columbia Steel Company, a U. S. Steel subsidiary, Joseph A. White, general superintendent, announced today.

Notification of the award was received by White in a congratulatory letter from H. L. Vickery, chairman of the U. S. Maritime Commission board of awards.

"To each and every one of the employees of your company who share in the winning of this award," Vickery stated, "I extend the appreciation of the Maritime Commission for their noteworthy contribution to the Victory Fleet program."

The Pittsburg Works was previously awarded the Army-Navy "E," three Army-Navy "E" renewal stars and the Treasury Minute Man Flag.

## People

and what they are doing

### ON VACATION

Harry E. Keller, general manager of Alcoa; George O. Pratt, district purchasing agent, and James B. Pitman, Jr., electrical superintendent, are camping this week at Lake Arrowhead.

### GUEST AT BURCHETTS

Mr. and Mrs. James H. Burchett, 1507 El Prado, have as their house guest this week, Mrs. J. H. Hiller of Tucson, Ariz.

### GUESTS AT ADAMS' HOME

Mrs. C. D. Adams, 2027 Abalone ave., has as her house guests this week Mr. and Mrs. Dick Richards, their daughter, Helen, and grandson, Garry, of Coffeyville, Kansas.

### AT CRESTLINE

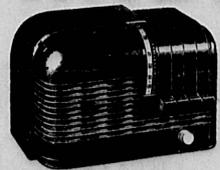

Mr. and Mrs. Sam Neely and their children, Garry and Joan, 916 Cedar ave., are vacationing this week at Crestline.

Last year late mailings, causing concentration of great numbers of packages in the final days of the mailing period, threatened to defeat the program. It is stressed that success can be assured, with the limited personnel and facilities available, only if the public gives full cooperation through prompt mailings of the overseas gift parcels from the opening of the mailing period.

## Sweetheart Sticks by Cooper

June Horne, 18-year-old sweetheart of movie actor Jackie Cooper, reaffirmed her trust in the film star, who is accused of contributing to the delinquency of a minor girl in South Bend, Ind., by announcing that she would wed Cooper regardless of the charges.

## Back 'em Up!

KEEP BUYING WAR BONDS

When you're reading or doing close eye work of any kind these summer evenings, do turn the lights on early. Otherwise you run the risk of eyestrain, for the fading light of twilight is just as deceptive now as any other time of year.
