"The hour is coming, and now is when the dead shall hear the voice of the Son of God; and they that hear shall live," declares John in the Fourth Gospel. Text of the Sunday Lesson—Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. "Probation after Death" is the subject of the subject of the day. Paul writes in his first letter to Timothy, "Fight the good fight of faith, lay hold on eternal life, whereunto thou art also called, and hast professed a good profession before many witnesses. . . . Charge them that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy; . . . Laying up in store for themselves a good foundation against the time to come, that they may lay hold on eternal life." On this subject Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "If the charge called death destroyed the belief in sin, sickness, and death, happiness would be won at the moment of dissolution, and be forever permanent; but this is not so. Perfection is gained only by perfection. They who are unrighteous shall be unrighteous still, until in divine Science Christ, Truth, removes all ignorance and sin."

What do Wacs do in Army Hospitals?

"That's swell, Johnny! Now pull the thread through with your right hand." Wacs teach wounded men how to overcome handicaps.

"Yes, Johnny, it may be tough. But you can lick it!" Wacs trained as instructors in "educational reconditioning" will help him see it through.

U. S. ARMY HOSPITALS NEED 22,000 MEDICAL TECHNICIANS IN THE WAC!

Wacs are at work today in huge Army hospitals—a handful of gallant women giving invaluable help to Army doctors and nurses. Working with penicillin, blood plasma. Handling X-ray machines, helping in the surgeries, and in the wards. But thousands MORE women are needed to do these jobs. If you have ever dreamed of helping broken, bewildered men to regain strength and confidence and hope . . . Join the Army of the United States as a Medical Technician in the WAC.

If you are fully qualified to do any of the jobs listed below, you are assured assignment to an Army hospital after basic training. If you are inexperienced, and can pass required tests, you will be given free technical training for some selected job.
