HE gave a Gallon... can YOU spare a Pint?

Out there on the fighting front, when blood spurts there's no way to shut it off with a paltry pint. Many a wounded man has lost a gallon or more ere aid could reach him. That's why they often have to borrow a little from the folks at home. Will you spare a pint—a couple of ounces—to save some soldier's life? It's the only personal contribution we can make to help win the war!

DEMOCRATS!

WE MUST be made to realize the DANGER which now threatens the very foundation of American The ideals and principles of the Democratic Party and of Americanism, have been supplanted by the ideologies of radicals — of the Hillmans, the Browners, and the Bureaucrats. We must realize the truth of this! Our help is needed now... not only to save the Democratic Party, but to save the very things our boys are fighting for! BE WARNED! Every attempt will be made to gloss over the seriousness of this situation; many glib tongues will sneer at you. They still think they can control you, tax you, ration you and regiment you. Help throw off an oppressive yoke that would forever still the Spirit of Freedom. This time we urge you to vote for Dewey and Bricker... real Americans.

It is TIME to Think-to Work-to Vote!

NOTICE!
Registered Democrats CAN vote for Dewey on November 7th. All ballots are the same... no matter how you are registered. YOUR VOTE IS SECRET!

THIS must not HAPPEN HERE

Is this what you want YOUR loved ones to face when they come home? No, of course not. Proposition No. 12, the so-called "Right to Work" bill, would betray every war veteran who rightfully expects fulfillment of the promise that he would be brought back to a job at decent wages. This tricky amendment does not guarantee the "Right to Work," but the "Right to Work" for LOW wages. This is NOT what they are fighting for. Don't be misled by a false slogan... protect the veterans' future
