Give Service Man a Chance

Do not travel over the holidays is the plea made to Torrance and Lomita civilians so that many thousands of service people being furloughed home for Christmas may receive transportation.

According to the Office of Defense Transportation, rail travel in 1944 was 14 per cent greater than during the record-breaking travel year of 1943 and on inter-city buses the situation was much the same.

The reason, says ODT, "lies in the continued high level of organized military movement plus a great increase in furlough travel and transportation of returned wounded men."

sum \$691.50 are general fund monies, while \$116 came from vehicle violations and thus are road fund monies.

Attendance at Jobs on Increase After New Plea

Pleas by Gen. Dwight D. Eisenhower and Gen. Douglas MacArthur for more production of vitally needed arms and equipment have resulted in a sharp increase in worker attendance in 22 out of 40 war plants during November. R. Harnish, War Relocation Commission state chairman, reported yesterday.

In a recent survey of 40 plants, only nine factories reported slight increases in absenteeism, Harnish said.
