

Sheriff's Aide Injured Here In Auto Accident

Inspector John V. Henry of the Los Angeles County sheriff's office was injured in a car accident early Sunday evening on Torrance blvd., west of Hawthorne blvd., when his auto was said to have been struck by another, driven by P. J. Rudolph, 67, Redondo Beach. The report indicated that Rudolph had been drinking.

Sheriff's deputies reported that the inspector was driving west on Torrance blvd. and Rudolph, traveling east, failed to negotiate a curve and crashed his car head-on into Henry's vehicle on the north side of boulevard.

Rudolph was treated for a skull fracture in Los Angeles General Hospital, the report read. Henry, badly bruised and shaken, was treated by his personal physician following first aid here.

Deputies ordered Rudolph's car impounded in a Lomita garage. Both automobiles were badly damaged in the mishap.

Phone Service Facilities Here Being Increased

The Underground Construction Co., contractors for Southern California Telephone Co., yesterday began excavation on the sidewalk of El Prado for the underground conduit for telephone cable lines.

Floyd Y. Snyder, district manager of the telephone company, explained yesterday that the four-foot subterranean line would run from the local office to Cravens ave. and from there an eight-foot tile would be laid to extend south of Carson st., crossing Cabrillo ave. and extending east to Abalone ave., where it would tie in with another circuit.

Snyder revealed that 200 pair cable lines will be installed after the conduit has been laid, which will greatly relieve the telephone situation in the southeast section of Torrance. This will represent a marked increase to the lines now serving the city, he said.

The excavation work may be completed by Nov. 1, the official said, and before the first of the year all work should be completed.

Train-Automobile Accident Causes Death Of E. S. Orr

Edward Samuel Orr, 27, of 4312 W. 171st st., a machinist, was killed early Friday morning when his 1941 model sedan was demolished by a north-bound Pacific Electric car at the Del Amo crossing in Dominguez.

Cliff Lamb, motorman, said he noticed the car approaching the crossing from the east. The signals were working and he blew his whistle, but the motorist paid no heed, he said.

Orr was thrown from the car and landed 50 feet down the tracks. He was alone in the auto.

Sheriff's deputies from the Firestone Park station who investigated said that when the train hit the car, the air hoses on the train were broken and the train carried the auto 200 yards down the track.

Orr's body was taken to Neel's Mortuary, Compton.

OKLAHOMA PICNIC
The Oklahoma State Society of Southern California will hold its semi-annual picnic at Sycamore Grove Park, Los Angeles, Labor Day, Monday, Sept. 2.
