Garden Club Members Note Anniversary, Recount Achievements

In a mood for gaiety instead of work, the members of the Torrance Terrace Garden club gathered Wednesday in the garden of the home of Mrs. William Scholl, 1615 W. 214th st., to celebrate the club's first anniversary. The charter members, guests of honor, Mrs. Arthur Fritz, Mrs. Mariam Cooley, Mrs. Marie Olsen and Mrs. Gladys Ruble, were presented beautiful fuchsia corsages.

Mrs. Fritz recounted the beginning of the club and some of its accomplishments such as the removal of the eucalyptus trees on 214th st. and the planting of the magnolia trees, their recent successful flower show, their trip by bus to the Botanical gardens in San Marino and the attendance of the club members at the ceramic class under the direction of the Clutter brothers.

Games preceded a delicious lunch. The next meeting will be held in the lecture room of the Torrance library on June 25. The topic of soil will be further pursued, with Mrs. Edna Petersen, Mrs. Maybelle Schmidt, Mrs. Nell Meyers and Mrs. Mildred Rowe preparing articles on the subject. Each member will bring a sample of the soil from their garden for observation and study. Anyone interested in flower gardening is welcome.

Child Welfare Important Problem For A L A Members

Welfare of war veterans' children will require increased attention from the American Legion Auxiliary during the coming year, said Mrs. Ella Robinson, child welfare chairman of Bert S. Crossland unit of the Auxiliary, as the unit continued to enroll its membership and organize its activities for 1947.

"The American Legion and Auxiliary have always considered the children of deceased and disabled veterans a special responsibility," Mrs. Robinson stated, "and their care has been a major activity ever since our organization was formed. We are planning now to do everything for the children of World War II veterans that we did so successfully for those of World War I."

"Within a few years half of the children in the United States will be the children of veterans. The problem is a tremendous one, and we will need help of the more fortunate veterans' families to do our part. Especially will we need the help of the wives, mothers, sisters and daughters of World War II veterans in our child welfare program because they know from first hand experience the post-war problems of World War II families."

"We hope that all eligible women will realize how much can be done for American children through the joint activities of the American Legion and Auxiliary. There is real opportunity in this work to bring happiness into the lives of these little unfortunates and help them grow into worthwhile citizens for the America of the future. Now, as the work is being organized for the new year, is the time to come into the Auxiliary and begin to help the rapidly increasing number of children who need Legion and Auxiliary aid."
