RESOLVED that the City of Torrance reserves and excepts from the vacation all permanent easements and the right at any time, or from time to time, to construct, maintain, operate, replace, remove and renew sanitary sewers and storm drains and appurtenant structures in, upon, over and across said alley or any part thereof, and to construct, maintain, operate, replace, remove, renew and enlarge lines of pipe, conduits, cables, wires, poles, towers, convenient structures, equipment and fixtures for the operation of gas pipe lines, telegraphic and telephone lines, and for the transportation or distribution of electric energy, petroleum and its products and water, including access and the right to keep the property free from inflammable materials and wooded growth, and otherwise protect the same from all hazards in, upon and over the alley or part thereof proposed to be vacated.

RESOLVED that the Resolution be published once a week for at least three successive weeks prior to the time fixed herein for the meeting of the said City Council, in a newspaper of general circulation, to wit the Torrance Herald, published in the City of Torrance, and that this Resolution be conspicuously posted along the boundaries of the said part or portion herein proposed to be vacated and not less than three hundred feet apart, and not less than three in all.

RESOLVED that in the herein proposed vacation of said alley aforementioned, the Council of the City of Torrance hereby elects to proceed under and in pursuance of the provisions of the Street Vacation Act of 1941 of the State of California (Chapter 250, Statutes of 1941) as amended.

TORRANCE HERALD
ANSWER OF JUDGMENT OF ALBERT JACKSON, named as one of the City Council of the City of Torrance in the certain action entitled petition published in the Torrance Herald, issue of August 4, 1949, in propria personae for himself and no others and admits, denies and alleges as follows:

DENIES generally and specifically each and every allegation said Notice that he illegally participated in any legislative or administrative act of said Council.

ALLEGES that the City Charter of the City of Torrance states the City Council may vote for the holding by one person of several offices, and alleges that any voting action he may have taken was authorized under authority of the City Charter and the ordinances of the City of Torrance; that since the appointment of the Council of the City Manager, the City Manager has been performing the duties of both City Manager and City Engineer without any extra cost to the City;

DENIES the Torrance airport is losing revenue and alleges that said airport is and has been for months last past, operated in a businesslike and efficient manner and if any loss has occurred in the revenue of said airport the same is not due to mismanagement, or to the operation of said airport, or because of any act of proponent;

DENIES he ever, or at all, voted an unlawful expenditure in any sum in excess of $1000 or any other amount whatsoever and alleges he has at all times sought legal advice of the City Attorney in each instance of expenditure of money and has acted on that advice; that during his tenure of office he has at all times striven to keep the City of Torrance on a sound financial basis and his every action as a Councilman has been bottomed on right and above board, and that he is willing and ready to be judged upon his record and his election to the City Council of the City of Torrance.

Answering the charge that he made the motion authorizing $3975. she alleges said $3975 was not the property of the City but the property of the State Highway Commission, that the Assistant State Highway Engineer wrote as follows: "Since sufficient funds are available, they will increase the thickness of base from 5 to 6 inches and the thickness of pavement surfacing from 2 to 2½ inches, at an estimated increase in cost of contract items of $3975." Original of this quote may be examined in the office of City Engineer, Torrance.

The oldest public building in the United States is located at Santa Fe in New Mexico. Constructed in 1610, it served as capitol of the Spanish Provincial government that then ruled this vast southwestern territory.

HARD WATER

Your vacation journey by motor is likely to take you through territory that has a wide range of water, varying from the extremely hard to the extremely soft. Hard water, it should be borne in mind, obtains its hardness from various deposits in it which are likely to leave a scale in the radiator and cooling system. If it is used excessively, have the system drained and flushed at the end of the trip.

Public Notices

TORRANCE HERALD
PUBLIC NOTICE

NOTICE OF INTENTION TO RECALL CERTAIN MEMBERS OF THE CITY COUNCIL OF THE CITY OF TORRANCE.

Notice is hereby given pursuant to section 1103 of the elections code of the State of California, that after 20 days from the date of publication of this notice, August 18, 1949, there will be circulated among the registered and qualified voters of the city of Torrance, petitions demanding the recall of the following members of the City Council — Mayor J. Hugh Sherfey Jr., and Councilman George C. Powell, and that if a proper number of signatures is obtained on said petition, that a special election will be held within time required by law to determine whether or not said members of the council shall be recalled.

BECAUSE — City Council illegally created an administrative position not authorized by the City Charter in effect at that time, and illegally and unlawfully appointed George W. Stevens as administrative head to take the place of City Engineer at a salary of $500 per month, an increase of $305 over former City Engineer, costing the taxpayers of Torrance an unjustified $3660 more per year.

BECAUSE — When State Legislature's approval legalized our present amended City Charter, council appointed unanimous vote — George W. Stevens as City Manager, at a salary of $10,000 per year—which cost the taxpayers of Torrance an unjustified $1000 increase per year. It is to be noted that this salary is $2,500 more than any other City Engineer's or City Manager's salary of towns of comparable size.

BECAUSE — The Torrance Airport, which has been proven not only self supporting, but capable of providing substantial income to the City treasury, is now on the contrary, by recent action of the City Council, losing revenue each month.

BECAUSE — On motion of Councilman Haggard, Council authorized paving of Juniper Street (which is a section of town where no other street is paved). Councilman Haggard has financial interests in five properties on this street.

BECAUSE — City Council has made illegal expenditures of City funds in excess of $1,000.

1. Hawthorne Blvd. — Original bid of $21,986 was accepted by Council for a 5" pavement. Knowing that 6" was required. On May 21, 1949, Council increased the above amount with an approval of $1,975 on recommendation by City Manager without submitting the expenditure for bids as required by law. Motion to approve made on motion of Councilman Jackson.

BECAUSE — City Council is making illegal appointments to Civil Service positions, and city money is being illegally spent by City Council for these salaries.

BECAUSE — The Torrance Municipal Bus Department, which was at one time a profitable organization has, through recent action by the City Council, been operated with considerable loss of revenue.

If your vacation trip is to be a journey of several weeks, don't attempt to take care of overcharging the battery by planning to run with the headlights turned on. That will protect the battery, to be sure, but it will not reduce the load on the generator. The latter can be accomplished only by adjusting the generator for a lower charging rate. It is but a few minutes job and will prove a worthwhile addition to the tuning-up process.
