

## Rev. L. K. Porter Will Speak In Nazarine Church

The Southern California district Nazarene youth director, Rev. Lyle K. Potter, will speak at the local Church of the Nazarene, 1501 W. Carson st., this coming Sunday evening at both the 6:30 and the 7:30 services.

"We are happy to announce the coming of Rev. Potter to our church, and we invite the entire community to share this occasion with us," the Rev. W. A. Penner, pastor, said.

The Rev. Mr. Potter, in his official capacity, has charge of promoting the youth work in one hundred Nazarene churches in Southern California. This work includes rallies, revivals, institutes, camps and clubs. He is also a representative of the District Sunday School Board

The Rev. L. K. PORTER

and the District Young People's council.

"Esteemed a dynamic, enthusiastic and inspiring speaker, the Rev. Mr. Potter is much in demand for special services, and his visit to this vicinity is expected to attract wide interest.

## Free Christian Science Lecture Offered Tonight

"Christian Science: Following Christ," is the title of a free lecture to be delivered this evening at eight o'clock in the Civic auditorium, Torrance.

Earl S. Simms, C. S., the lecturer, comes from Austin, Texas. He is a member of the Board of Lecturers of The Mother Church, the First Church of Christ, Scientist in Boston, Massachusetts.

In presenting this lecture, the members of First Church of Christ, Scientist, Torrance, believe they are providing a means for reaching many people with answers to frequent questions about Christian Science; what it teaches, how it heals, why thousands have become its adherents.

A cordial welcome is extended to the public to attend.

## Annual Parish Dinner Slated

The annual parish dinner and meeting of the St. Andrew's church will be held in the Parish hall on Jan. 9 at 6:30 p.m., it was announced by the Rev. Torben R. Olsen, rector.

The dinner will be followed by a business meeting, at which time there will be an election of the vestrymen who will hold office for the next three years. Reports from the various organizations of the parish as well as a treasurer's report will be heard. A discussion of the future work of the church will follow.

The church guilds are putting on the dinner, and the vestry will serve.

## New Sewer Districts

Proceedings for installation of sanitary sewers on Moneta avenue and their highways in the vicinity of Torrance, were recommended recently by the County Surveyor.

He estimated the project would cost \$8,800, or \$2.15 an assessable front foot. A petition containing the names of persons owning 60 percent of the property involved accompanied the surveyor's recommendation.

In addition to Moneta avenue, Carson and 214th streets were named for improvement.

## PEACETIME PRODUCTION OF STEEL MAKES RECORD

By IRVING S. OLDS  
Chairman, Board of Directors  
United States Steel Corporation

In 1947 more steel was produced by the American steel industry than in any previous peacetime year. The nation's total production of more than 84,000,000 tons of steel was exceeded only in the three war years of 1942, 1943 and 1944. I am certain that every effort will be made by all members of the industry to produce an even

greater total amount of steel in 1948.

Achievement of a higher output next year is dependent, however, upon a number of outside factors, chief among which is the availability of a sufficient supply of suitable raw materials. Scrap steel has not been available in adequate quantities during recent months. Full cooperation between government, industry and the general public will be needed to bring forth the desired additional quantities of scrap in the months ahead.

Other factors may affect the fulfillment of the industry's determination to supply in 1948 increased quantities of steel products of every sort to domestic consumers.

To accomplish this goal there must be freedom from strikes and work stoppages. It will be remembered that labor difficulties since V-J Day have caused an industry loss of steel production to the extent of 18,000,000 tons. Aid to Europe may restrict the amount of steel which is available for home uses.

The steel industry now is engaged on an extensive program of expansion and modernization of its facilities, which will add at least 3,000,000 tons of steel a year to its productive capacity. United States Steel alone has engaged to spend more than \$500,000,000 on a construction program designed to enable it to supply customers with increased quantities and improved qualities of steel, to the end that supply and demand for many steel products may be brought into balance as quickly as possible.

### WAR PSYCHO RATE HIGH

In active theaters of World War II, the rate of psychiatric casualties was two or three times that of World War I, according to the 1947 Encyclopaedia Britannica Book of the Year. The chief cause of the increase appeared to lie in the fact that warfare was more terrifying in World War II than ever before and the mental hazards were considerably greater than those encountered in the trench warfare of 1918.

### Sewer Bids Rejected

The Board of Supervisors has rejected all bids for construction of sanitary sewers in Margaret street in the Keystone area under C. I. 1203, and ordered readvertisement for new bids.

Supervisor Darby stated that all bids, including the low bid of H. C. Johnson, were in excess of the County Engineer's estimate for the cost of construction of this work, and an investigation of the low bidder's equipment indicated that there was serious doubt that he would be able to complete the contract if awarded to him, thus adding further cost to this improvement. Accordingly, all bids were rejected.
