WINTER T. H. S. CLASS TO GRADUATE NEXT WEEK

(Continued from Page 1-A)

High School auditorium on Thursday evening, July 29, at 8 o'clock.

Present will be the Board of Trustees of Redondo Union High School District, including J. Robert Black, president, N. R. Kuhn, Walter G. Litch, Robert Russell and Wesley Toy.

Administration representatives will include W. K. Cobb, superintendent; L. W. Waller, principal; Arthur M. Main, vice principal; Miss Harriet H. Hardy, dean of girls; and Miss Edna F. Alton, registrar.

Herbert Irwin is class advisor, and officers are Eugene Stirling, president; John Turner, vice-president; Oliver Stepp, secretary.

Principal Waller will accept the class and Superintendent Cobb will accept the candidates. President Black will present the diplomas.

The program includes numbers by the Torrance High School orchestra, directed by Abé Milstein; invocation by the Rev. Mr. Roloff; welcome and presentation of the class gift by Eugene Stirling; a mixed chorus of students, directed by George Zavislan; a talk by John Turner, "Civilization's Challenge to Youth"; a piano solo by William Morgan; and an address by Dr. William C. Jones, president of Whittier College. Benediction will be delivered by the Rev. Fr. Patrick J. McGuinness.

County-School Playground Plan Favored

The plan for a coordinated after-school hours' recreational program between school districts and the county, took a step forward when the Board of Supervisors instructed the Chief Administrative Officer, Wayne Allen, to bring in a report on the availability of funds for such a program, Chairman Raymond V. Darby reported.

The monies to be expended by the county will be for payment of salaries of trained directors and lighting of grounds only.

"It would be unwise," Darby said, "to pay out capital funds for the purchase of grounds, equipment and the like when it is all available through the present school program."

Darby added that he felt an after-school program was essential to the proper growth of the county's youth, and that by the expenditure of a comparatively small sum, the county could augment the budgets of school districts.

PIGS ARE CLEAN

Contrary to general opinion, the pig is a clean animal if given sanitary surroundings, and sanitation is essential to good health, rapid growth and development, and profitable pig production.

Closed Shop Demand Cause of Market Strike

The A. F. of L. Butchers Union, Local 421, struck at the A & P Tea Company's markets Nov. 3 because the company refused to sign a closed shop contract in violation of the Taft-Hartley law, which prohibits such agreements with interstate commerce firms, O. J. Schoen, company negotiator, testified Monday.

Testifying at an NLRB hearing before Trial Examiner William E. Spencer, Schoen said the union's secretary-treasurer, George M. Swan, and Joseph Y. Henderson, vice president of the International, turned down a contract offered by the company, objecting only to its failure to guarantee a closed shop. He quoted Swan as saying "No contract, no work," just before the men were called out on strike.

According to Schoen there was no dispute over wages or hours.

The company negotiator gave a step-by-step description of the efforts to come to an agreement, which were deadlocked on the night of Nov. 1 as the hearing entered its third week.

A parade of 30 witnesses occupied the stand in the first two weeks of the hearing, at which the company submitted evidence of the interstate nature of their business.

Schoen was to resume the stand Wednesday.

Fourth Graders Visit Library, Learn Procedure

"Mrs. Jamieson, where's a book on how to build a tennis racket?"

"Mrs. Jamieson, where can I find Black Beauty?"

Such are the manifold questions directed at Mrs. Dorothy Jamieson, librarian at the Torrance library, since the teachers of the fourth grade at the Torrance Elementary School have started making periodic trips to the library with their students.

Among the first classes to highlight the curriculum with the visits to the book shelves was the class of Mrs. Marcia Menmuir who has made the twice-a-month trip a regular feature of the class' work.

Mrs. Betty L. Huizing's fourth grade students made their first trip last week and the sixth grade students of Mrs. Mabel Holt are planning their first visit soon.

Mrs. Jamieson teaches the students library procedure, indexing, filing and has issued many students their first library cards. Time to browse is allowed during the visit and they are encouraged to take out books that will supplement their school studies.

NAVY NEEDS RESERVES

To provide the necessary "depth" for peacetime security, the Navy estimates it needs four Volunteer Reservists for each of the 7,426 officers and 25,698 men in its Organized Air Reserve.
