

Local Kiwanis Club Will Have 35 at Meeting

The largest convention in the 33-year history of Kiwanis International, at which Torrance will have 35 representatives, will open next Sunday at Shrine Auditorium in Los Angeles, according to Dave Colville, president of the local club.

Advance registrations—already numbering 10,000—continued to pour into the general convention office and E. L. Tromley, Kiwanis International convention manager, said registrations may number 11,000 by the time the convention opens.

More than 50,000 boys and girls are expected to attend the convention's "Main Feature Entertainment," which is open to the public next Wednesday evening, June 9, at Memorial Coliseum. All Los Angeles boys and girls are welcome to attend the outdoor show as the guests of Kiwanis, but they should be escorted by adults. No adults will be admitted unless they are accompanied by children.

Many welfare agencies are cooperating in the project and several thousand youngsters in attendance at the Wednesday evening show will be underprivileged, including orphans, the blind, physically handicapped, and hard-of-hearing. The program will feature a number of bands, drum and bugle corps, an elaborate trapeze and aerial demonstration, and a fireworks display.

The five-day convention will highlight many nationally-known speakers, including Dr. O. Oscar Johnson, St. Louis, president of the World Baptist Alliance; Governor Earl Warren; James A. Farley, former Postmaster General.

Needs for Fall Anticipated by School System

With end of the school year near at hand, the Torrance Board of Education was enabled this week to make definite estimates as to what additional facilities will be required when the fall term opens in September.

The seventh and eighth grade enrollment will jump from 400 to 450 due to the fact that the eighth grade which is going out is less than 200, and the sixth grade which is graduating will be about 250, thus creating a need for additional capacity at the high school plant for seventh and eighth graders.

Perhaps the most alarming thing about this whole growth and expansion of school enrollments in Torrance is the large crop of "war babies" which is now coming on. For example, in the Perry district alone, with only part of the district having been heard from, an indication has been made that there will be 40 kindergarten children next year. This is more than there were this year, and half the district has not yet been heard from.

It is impossible to estimate accurately how many additional teachers will be needed at WALTERIA, because it is not known how many of the houses in the Hollywood Riviera development will be completed and sold during the next school year. All the Board of Education knows for sure is that it has to provide for additional teachers, and that the Walteria school facilities will be taxed to the utmost.

"We have today four classes meeting in auditoriums in the Torrance schools; if we had others, we would be glad to move into them," Hull said.

The 44 classrooms which the Board of Education proposes to build in the proposed building program will be used up much faster than most people are aware of at the present time. As these facts continue to come in, the school officials are beginning to wonder where to turn next for additional personnel and facilities.

"It would be a very discouraging picture if it were not for the possibility of a bond issue to relieve the situation," said Dr. Howard A. Wood, president of the Board of Education.

Total amount of money which has been contributed to the financing of the bond campaign is \$331,42. Contributors are as follows:

- Ben Haggott\$50.00
- California Nevada Properties 50.00
- Rivera Housing Corporation 50.00
- Hollywood Riviera Home Owners' Association 10.00
- Walteria P.T.A. 15.00
- H. G. Pegors 10.00
- J. J. Kettler 50.00
- K. Sande Senness 50.00
- Swedish Homes 25.00
- Torrance Education Association 21.42

Superintendent Hull states that numerous citizens have been calling to ask what they can do. Many have offered their cars to transport people to the polls and there is a continuing growth of interest in the successful outcome of the bond campaign by citizens in all walks of life, he concluded.

CONTRACTORS DO 'GOOD TURN' . . . Boy Scouts of the Los Angeles Area Council, of which this section is a part, are having a good turn done for them at Camp Letts by Los Angeles contractors which assures their summer camp ground being ready. Contractors donated the use of a bulldozer to grade a new road into the camp, which will open June 19. Several local Boy Scouts have been to Camp Letts.

GROCERY STORE PERMIT

Erection of a grocery store on the west side of Hawthorne boulevard between 230th and 230th street has been approved by the Torrance City Council, concurring in the action of the City Planning Commission. The location is in the Meadow Park tract.

BUDGET HEARINGS OPEN

Public hearings on the county budget are to commence today in the Board of Supervisors chambers, Hall of Records.
