

GIRL SCOUT DAY CAMP ACTIVITIES ARE TOLD

Girl Scout Day Camp, now being held in Torrance Park, is in full swing. This visit was in response to Mrs. Smith's invitation to lunch and we found an active camp. Mrs. Smith escorted us around the seven units and introduced us to the leaders. We found each unit in its own secluded location carrying on many activities. Two units had gone on hikes, one to Lomita Park and the other to the home of Mrs. Frank Church in Lomita.

We were guests of the unit led by Mrs. May Cobb and Mrs. Lopez, and the girls served a wonderful lunch consisting of hamburgers, potato salad and watermelon. The girls cooked their own hamburgers on tin can stoves which they call "buddy burners." The salad, which the girls also made, was very tasty and the watermelon crisp and juicy. Mrs. Smith says that spaghetti, wieners and hamburgers are the favorite foods of the day campers and watermelon is their favorite dessert.

While we visited the units we saw some lovely things made by the girls, there were pins

made of plaster of Paris, pine needle baskets and hanging plant containers. Other girls were making powder boxes, pen boxes and napkin rings.

The women who give their time to this work certainly deserve a pat on the back for they are the ones who make the camp possible.

In the center of camp we met Mrs. Smith and Mrs. Humphrey, who are director and co-director and Mrs. Grace Wright, who acts as registrar. At the trading post we met Mrs. Winnie Hull, who distributes craft materials.

In the units we were introduced to the leaders, Mesdames Evelyn Neely, Jean Griffiths, Jackie Hageman, Carmen Kas-trup, Evelyn Hyder, Beatrice Merola, Katherine Lane, Rose Zelinski, Rose Jones, Alma Walton, May Cobb and Lopez.

The Torrance Camp is for girls of Torrance, Gardena, Lomita and Welteria, and will continue every Tuesday and Thursday throughout the month of July.

Annual Flower Show To be Staged by South Bay Club

South Bay Garden Club's annual flower show opens for two days, July 24 and 25, at Pier Avenue School gymnasium, Hermosa Beach.

Though classed as amateur gardeners, these exhibitors will show what is to have a "green thumb" and South Bay may boast of many master gardeners.

Scattered over the large room and the halls will be many tables showing specimen blooms, potted plants, dish gardens, hanging baskets, wall pockets, shadow boxes, floor displays, arrangements of flowers, fruits or vegetables, prize vegetables grown by exhibitors, and a table of children's work showing the innate talent of the child.

Various new types of flowers and plants will be seen, some exotic, some featuring new geraniums, dahlias of common variety, the medium or large or the fringed called "cactus."

Ideas for the garden, the window box, trellis or patio may be found worked out. Annual flowers, the bulwark of the summer garden, present an interesting feature for the home gardeners. Men as well as women enjoy their gardens and also take pleasure in making arrangement for special occasions. Clubs, organizations and the general public are invited to enter some of the products of their gardens. Competition is exhilarating and affords much enjoyment. Fresh flowers, dried or fresh weeds with appropriate pottery figures, rocks, make interesting displays.
