... He's Tops In Twirls

Nation's Top Baton Artist To Twirl at Band Concert

Ted Otis, national champion baton twirler, will be guest artist with the Torrance Area Youth Band when the band teams up with the North American Men's Chorus for a joint concert at the Torrance High School Auditorium on Friday night, December 9.

The program is being sponsored by the Torrance Rotary Club with the proceeds to be used to purchase a new bassoon. Tickets are now being sold by members of the Rotary Club, band members, their parents, and members of the Youth Band All-Girl Baton Corps.

Otis, twice winner of the National High School Baton Twirling Contest, appeared recently before 86,000 persons in the Los Angeles Coliseum between halves of a professional football contest. A resident of Long Beach, Otis has appeared also at the Los Angeles County Fair, the Los Angeles Breakfast Club, the Orpheum Theater, and the Long Beach Municipal Auditorium.

Father Draws Six Month Sentence On Indecent Activity Charges

A Torrance housepainter, father of four children, last week was sentenced to serve 180 days with a county road camp after a Manhattan Beach jury found him guilty on two counts of indecent activity.

Wesley Gossett, 29, of 17116 Ardath avenue, was tried in an emptied court room after Defense Attorney Dudley Grey of Gardens requested that spectators be removed.

Main witness for City Prosecutor Walter Anderson was a Manhattan Beach woman who declared that on August 3 Gossett had stood in the doorway of an unfinished house in Manhattan "sneering" and subjecting passers-by to acts of indecent exposure as she and her four-year-old daughter walked past.

In sentencing Gossett, Judge D. Clifford Higgins stressed that

Night Classes 'Support Self' Says Director

"The adult education program in Torrance is virtually free of any expense to the local budget," declared Donald Manameto, director of the Torrance School of Adult Education. "Close to 100 percent of our funds for operating the night school program comes from sales of ramento—and our program is typical of many others throughout the state. Many school districts depend strongly on the adult education program as a source of income to help relieve

the local taxpayer and support the elementary and high school program. I firmly believe that in time our adult school program will in addition to paying for itself, bring in income to our city."

It was pointed out that a typical class of two nights each week for forty weeks would bring in \$1296 from the state and yet cost the city of Torrance only \$930 in instruction. The big classes help to pay for the small ones, but both large and small classes are frequently
