Help Red Cross

If we saw a confused, small child in the middle of a busy boulevard we would help that child to safety. If we heard a cry for help, though in the dead of

night, we would instantly respond. A confused, small child, somewhere, needs our assistance; Red Cross is on the way. There is a cry from a thousand throats for help; Red Cross is speeding to their sides.

Just recently we read of a child's life being saved by ministrations learned at a Red Cross Life Saving class. Hundreds, yes thousands of young mothers thank Red Cross for teaching them more efficient ways to care for their babies. Red Cross workers have and are knitting wool sweaters for our boys in hospitals and in camp.

A membership in Red Cross is a vicarious way to answer those urgent calls for succor. Answer them with your check! Help Red Cross help others that you would help if you were there.

A. E. THOMPSON
Petroleum Executive Joins C. of C.

Local Oil Executive Name Added to Chamber Rolls

A. E. Thompson, manager of the Torrance Refinery of the General Petroleum Corp., has joined the Torrance Chamber of Commerce as an official representative of the Company. It was announced this week by Charles V. Jones, chamber president. Continuing to serve the community through the Chamber

is R. I. Plomert Jr., manager of the property Tax Department of the oil company. Plomert, recently re-elected a director of the Chamber, declined to accept the honor stating that pressure of other interests including YMCA and school advisory committee activities would prevent him from attending many of the business meetings of the chamber. He will retain membership in the organization, however. Thompson, who became manager of the local refinery in

February of this year, is a graduate of the California Institute of Technology in 1934. He joined General Petroleum the same year, advanced to chemical engineer in 1936, and refinery engineer at Torrance in 1943. He became assistant to the manager in 1945. In recognition of Plomert's service to the Chamber the board of directors at the last meeting voted him an honorary member of the board.

Announcement that Thompson would represent General Petroleum on the local Chamber came from Gale Adams, vice-president of the company.

College Leader Attends Job Study Conclave

H. J. Sheffield, director of student personnel at El Camino College returned last week from Sacramento where he attended the Governor's Conference on Unemployment in California.

The conference, called by Governor Earl Warren, was attended by labor and business leaders, educators, and government officials.

According to Sheffield, suggestions for coping with the threatened employment crisis in the state included proposals for better training and apprenticeship programs for minority groups; reduction and eventual elimination of the importation of Mexican Nationals for farm work; a campaign to include new capital to invest in California industry; and the extension of price support for all farm products.

Green Hills Memorial Park, ideally situated in Palos Verdes hills, will one day become one of the most beautifully landscaped and completely appointed cemetery establishments in the country. It is wise to have a large selection of choice to buy now before need as you property at about one-third the cost of improved property.

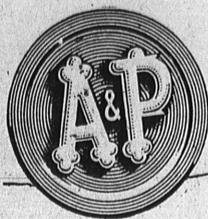

property as low as \$50 convenient terms.
