

Adults Learn Leathercraft

Leather belts, for outdoor summery wear, holsters for children, leather pocketbooks, coin purses, watch bands, and all those things that make summer more outdoor and more delightful are being made in

two adult leathercraft classes held by the Torrance School of Adult Education.

John Cavanagh's evening class is held each Monday from 7 to 10 at the Seaside Elementary School, Sharynne Lane in Seaside Ranchos off of Highway 101. Larry Elder's evening class is held from 7 to 10 in room 202 of Torrance High School on Tuesday evenings.

Many students who have had no previous experience learn hand-carving and hand tooling in a matter of months.

Lt. John P. Hutton Attending Marine Corps Refresher Course

First Lieutenant John P. Hutton, son of Mr. and Mrs. Gilbert A. Hutton, of 708 Cota avenue, and husband of the former Margaret Eileen Carlin, 1006 Sartori avenue, is attending the First Special Junior Class of the Junior School, Marine Corps Schools in Quantico, Va.

Lt. JOHN P. HUTTON Gets Refresher

This refresher course is established to train reserve lieutenants and captains who have recently been called to active duty in the duties and responsibilities of a Marine officer ashore and afloat. The course is designed to bring the local officer up to date on the latest methods being employed by the Marine Corps. It includes training with the latest methods available and training in command and staff functions, with particular emphasis on the infantry unit commander.

Lieutenant Hutton will be re-assigned to one of the Marine Corps stations at home or abroad upon completion of the school in June.

EX-WARRIORS TO MEET, EAT

The newly-organized speaker's Circle, an off-campus club for former and present El Camino College students, will meet Friday, April 20, at 7 p.m. at the Club Alondra on Prairie avenue. The program for the evening will include dinner, five-minute speeches, dancing and open time for anyone to give a two-minute speech.

Junior Mission Band To Meet Next Saturday

The Junior Mission Band of First Lutheran Church will meet Saturday morning, April 21. This is a group of children which meets monthly for doing mission work; it is a branch of the Women's Missionary Society. Mrs. Wesley Megow, their leader, invites all the children between the ages of 7 and 13 to attend.

Lieutenant Hutton attended Southern Illinois University and Western Michigan College where he majored in Industrial Arts. During World War II, he was the Executive Officer of Company "B", 1st Marines.

PROMOTER . . . Cubie Bohannon, chairman of the Columbia Employees Recreation Association Dance Committee, reminds Torrance dancers they are welcome to attend the next association dance to be held in the American Legion Hall, Saturday night, April 21, from 9 p.m. to 1 a.m. Admission is 75 cents stag, \$1.25 for couples. The Rhythmairs will play.

Israel To Get Torrance-Made Pipe Manufacturing Facility

Cal-Metal Corporation, a comparative newcomer to the Torrance industrial scene, is shipping a complete steel pipe manufacturing plant to Israel which will be installed near Tel-Aviv, according to Charles Babbitt, vice-president. Substantial shipments have been made and the plant should be ready to operate around September of this year.

The entire plant and equipment is of Cal-Metal design and manufacture. It will produce 75,000 tons of finished steel pipe annually in sizes from 3 1/2 inches to 32 inches.

Cal-Metal personnel will direct the installation of the plant and will train the people there in the operation of it for a period of six months.

The plant was purchased by Joint Pipe Imports, Ltd. of Tel-Aviv from loan funds granted to Israel through the Export-Import Bank in Washington, D.C. When completed the plant will represent an investment of \$1,250,000.

Previously the local Torrance firm, 1157 West Maple street, has shipped a similar plant to Belgium which plant will be producing pipe within the next sixty days.

The saving to Israel has been estimated at from \$2,000,000 to \$3,000,000 per year because of high freight on finished pipe as

compared to flat plate, in addition to which it will save dollar exchange and furnish work for the increasing population of the country.

The local plant of Cal-Metal Corporation also manufactures steel pipe for gas, oil and water transmission and other metal products. In addition to designing and manufacturing pipe-making equipment.

Gerald Revell, president of the local manufacturing plant, and Babbitt will journey to Israel to assist the purchasing company erect the material in Tel-Aviv.

To return to Tel-Aviv and help construct the plant also is Tuvia Korn, an engineer for the Joint Pipe Imports Company. He has been in the U. S. since the first of the year observing pipe manufacturing techniques at the local plant.

Last year Cal-Metal shipped 108 miles of six and 4 inch pipe valued at more than one million dollars to Tel-Aviv.

This is urgent. A brown and white cocker spaniel, answering to the name of Freckles, is missing from 5218 Zakon Road. He belongs to Mr. and Mrs. Bredrosian and recently bit their small daughter. He needs to be found and kept under observation for a month. If you see him, please—please contact the Bredrosians.

There will be news in the near future on the Plans for Civil Defense in our area. At a meeting last Tuesday, Mr. Fowell and Mr. Carpenter, discussed some of these plans with temporary volunteer wardens of the Heights. More on that later.

It has been decided that there be no Home Owners meeting tonight. However, the third Thursday of May should have several topics open for discussion and plans. That will be May 17. So mark it down as a date. 8 p.m. at El Retiro Park.

If you have not seen the beautiful windows of the Martin home on Bindewald, it is certainly worth a special trip to see them. The address is 5303, and the comment, "out-standing."

Little Billy Butler surprised his folks the other day by wearing a covering of muscles when he got up from his nap.

A watch was found at the El Retiro Park building two weeks ago and is still unclaimed. If you can properly identify it, you can get it at 5121 Zakon Road.

We close this week with three cheers for the person or persons responsible for the painting out of the red and white Seaside Heights "advertising" on the Highway side of our hill. It has long been the bane of our existence. Thank you.

If you have not seen the beautiful windows of the Martin home on Bindewald, it is certainly worth a special trip to see them. The address is 5303, and the comment is "out-standing."

On questioning the absence of little Jerry Filgiano from our local Cowboy Brigade, we find he is very ill. We do hope he "rides again" soon.

Mr. Peter Jurisich is on vacation. In case you question the haggard look, we understand Jo made quite a list of "things to be done while home from work." Oh well, that's makes it nice to get your feet back on the desk, Pete.

BOMB DAMAGE
The Hiroshima atomic bomb explosion demolished four square miles of buildings and left another three square miles rendered uninhabitable.

HIGH PEAKS
Sequoia national park has more than 40 peaks over 13,000 feet high, including the nation's tallest summit, Mount Whitney, with 14,495 feet.

The TORRANCE NATIONAL METER CHECK PLAN will enable you to take care of your personal accounts with the "greatest of ease." It's a SAFE, ECONOMIC method and plan every family should not be without . . . Come in today—we'll be more than glad to explain it to you. . . .

Customers' Corner

Have you ever read the list of seven basic A&P policies prominently displayed in your store?

These are the policies that guide A&P operations at all times.

They are your guarantee of friendly service, quality food, correct weight and money-saving prices.

They are your assurance that if, for any reason, your purchase is not satisfactory, your money will be cheerfully refunded.

The loyal employees in your A&P will welcome any suggestions you may have for making these policies work to solve your shopping problems.
