

### A Service for Vacationers

## "Safety Margin Cash"

This Personal Service may enable you to borrow an extra \$50 or \$100 to tuck in your wallet for vacation needs or emergencies. If you don't use the cash, you may return it. Your only charge is for the time you hold it. For example, \$100 costs you just \$2.50 when repaid in 1 month. Phone, write or come in.

Loans \$25 to \$2000 on Salary, Furniture, or Car UP TO 24 MONTHS TO REPAY

## Strescon Rips Cafe In Upset Win Try

Shamrock Cafe, that team which takes great pleasure in handing losses to those who usually win, had its heart set on blasting the Strescon boys last week, but the plan backfired. Strescon, playing top-notch ball from the first, put the kabash on the Cafe crew to the tune of 14-3 Monday night under the Torrance Park flickers.

## Electric Squad Eyes Glittering League Trophy

Games in the A League this week came out fairly well as expected with National Electric knocking over the Amroco nine and Three M bopping the Harvey Machine crew.

With but five games to go on the A sked before the presentation of the glittering Torrance Herald perpetual trophy, rough and ready action should be forthcoming by those seeking to move from third to second, or fourth to third places. National Electric, hms got the trophy sewed up, but second place is wide open.

**Score Late**  
 Amroco scored its lone runs in the last inning of its fracas with Don Thomas and Clarence Richardson knocking out singles, two of the three hits tallied for the losers.

For the victors, Don Stickle got four hits and three runs to lead the pack, and Ernie Floyd topped a double and two singles which he turned into scores for second high man.

National swatted 13 hits for their 12 counts, Three-M swallowed hard after the fifth and gave her the gun to overcome a 3-1 handicap and slunk the Harvey crew 7-3. It all started when John Vardo blasted a four baser, Beryl Tuttle got to base on a bobble, and came home on a wild pitch.

In the closer, Art Long walked, Norm Early singled, Dick Guy walked, Vardo got on on an error bringing in two runs, and the game was over, after Art Negrinelli was turned back fourth. None got to base on at the plate and Jerry Jacobson hits.

**NICE HUNTING . . .** Russ Hansen, member of the South Bay Archery Club, brought home this beautiful 4-pointer from a hunting trip to Fraser Mountain last weekend. Another member of the party, John Lowrie, downed a 5-pointer. Here Hansen shows where his broad-head arrow pierced the animal's body. He stashed away 86 pounds of venison in the locker.

## Archers Bag Pair of Deer On Frazier Mountain Jaunt

No Robin Hood is Russ Hansen and eight other hunters took to the hills at Fraser Mountain last weekend, and came home with two nice deer.

Russ landed a 4-pointer from 40 yards out with a Cobra broad-head steel tip and John dropped a 5-pointer with an Ace tip. Both animals dressed out to about 85 pounds.

The two invite any person interested in joining the Archery Club to contact Hansen at Menlo 9-1345. Practice shoots are held every two weeks, at Hermosa Beach; members are clearing for a Waveria hills practice sight at present.

There are 20 couples now in the club.

# All automatic Gas water heaters look more or less alike

So look for ONE important difference

**HERE'S WHY:** You get what you pay for in automatic gas water heaters—as in anything else. A low price may indicate a bargain. More often it indicates thinner metal, less resistance to corrosive water action and a relatively short period of service.

The way to be sure of getting an automatic gas water heater that will serve you for years and years is to buy a make and model that carries a 10-year warranty plan. This plan is your assurance of a top-quality appliance built for long and care-free service. Insist that your plumber-dealer install an automatic gas water heater with a 10-year warranty plan when you buy a new one. It will cost you more now, but far less in the long run.

2 other good rules to follow when you buy a new water heater: 1) Insist on an automatic gas water heater, because gas heats water 3 times faster and costs less. 2) Install the right size heater for your needs. Your plumber-dealer has an approved sizing chart that tells the exact size automatic gas water heater you should have in your home.
