

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are observed with benedictions that fortify and advance for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statements today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good in a regular CHURCH-GOER and a daily BIBLE READER.

William W. Brown, Pastor,
P. O. Box 211, Pt. Vista, Tor.

Let the hammer threaten as it will. Let the sickle cut and slash. The impregnable rock of Scripture will stand. *The hammer blows will falter; the sickle's edge will grow dull; the Word endures. It is our hope forever.*

The Crescent shall not throw down the cross from the Heavens. Dean Inge of St. Paul's Cathedral in London, England, thrills the Christian world with the news that one hundred million Russians have refused to bow their knees before the Kremlin Baal. Communism will fail among the common people of the world. *Freedom and a sense of human worth are the Bible's gift to mankind.*

How much are you and I doing to combat Communism in these United States? How much do we prize and practice democracy? How faithful are we to the Christian Church? *The truer we are to Christ, the less will Communism spread among us.* So, withstand the attacks of Hammer and Sickle with your trust in the living Word. Read and obey the Bible of your fathers.

See You in Church TODAY!

WELDED TOGETHER . . . It took a tow truck operator, four Torrance policemen and a host of kibitzing bystanders nearly 20 minutes to unfasten this car and truck after the car allegedly ran a stop sign and bashed into the truck at Arlington Ave. and Sepulveda Blvd. Friday night. Officer Joe Miles booked auto driver Joseph N. Barton, of 2468 Torrance Blvd., on suspicion of drunk driving. Truck driver was Jerry Isobe, of Los Angeles. No one was injured.

Three local men will take part in the annual training day at the Naval Air Reserve Training Unit, Marine Corps Air Facility, Santa Ana, on Aug. 18, Commander H. B. Hosmer Jr., revealed last week. Rose and Frank Sciarrotta, of 1630 Beech Ave., and Ray M. Parrish, of 5420 Cherry Lane, will participate. The reserve unit, Airship Squadron 952, will undergo intensive anti-submarine warfare training in large blimps stationed at Santa Ana. Many of the officers and men participating are veteran airship pilots and crewmen of World War II.

Reflections

By J. HUGH SHERFEEY, JR.
WE ARE TEACHERS

Redecorate our house and others in our block will too. Plant shrubs and flowers and our neighbor will follow our example. Make OK stops at a boulevard and the man back of us will too. Be irascible, or gracious, at the scene of an auto accident, and the other person will reflect our attitude. Great a sales person with a smile then watch a smile form on his lips. Be honorable, truthful and kind; your son will do as dad does.

To have good neighbors be one. A man complained about his neighbors, sold out, came to a new community where he told all who would listen about his terrible neighbors. In considering the purchase of a house he asked, "What kind of neighbors will we have?" The answer was, "The same as you left."

We are teachers; others emulate us.

Inflation has more than doubled the cost of building the facilities needed to put a new telephone to work.

What inflation's done to your telephone

Our dollars buy less and less of the things we need to bring you good service

1. One of the brightest spots in your budget today is the telephone . . . for the prices we charge have gone up much less than those of most other things you buy. In fact, taking 1940 as the starting point, Pacific Telephone prices are 61 per cent behind the average price increases of other things. On the other hand, we're up against a serious problem in furnishing good telephone service to you. For our dollars buy less equipment and supplies, fewer employee working hours—smaller amounts of all the things we need to build and operate a telephone system—than at any time since the first telephone was installed in the West 75 years ago.

2. For easy figuring, we've worked out our expenses on the basis of one telephone. And as you can see, running our system costs much more today than it used to. The two big reasons are inflation and higher taxes. Consider their effect: On the average, wage rates of telephone people today are more than double what they were in 1940; while operating taxes on the average telephone have soared more than 100% since 1940.
