

*You ought to be good to your auto...*

**Go Greyhound**

**SURE**, a car is a wonderful thing to have. But, we know for a fact that in many cases it's far more convenient and economical for you to go Greyhound. Experts say it costs \$4 a mile to own and operate the average car—that includes the "hidden" costs that many autoists usually don't count.

**COMPARE** this with Greyhound's low-cost, frequent, convenient service with no parking or traffic worries and you'll realize why we say, "Save yourself, your car and your money... Go Greyhound!"

**Dental Health Group Reports Contributions**

The third quarterly report of the Torrance dental health association lists contributions of \$440 during the third quarter, which raised the total contributions to date to \$2360. Expenses are shown as \$621, leaving a balance on hand of \$1739.

The association has 12 cases under treatment at the present time, 11 cases completed and 22 cases approved and waiting, according to a report from Dean L. Sears, president of the group.

The policy on transportation of patients has been revised, during the third quarter, Sears' report states. In cases where the parents are not able to take the child to the dentist, transportation will be arranged by the nurse of the school to which the child goes, in cooperation with a local transportation chairman provided by the PTA. The child's parent will go along at least twice, once at the beginning of treatment and once at the conclusion.

The group's annual meeting will be held Wednesday, May 20, at the American Legion hall, and a dinner will also be held at \$2 a plate. A report of the year's work will be given at that time.

**FIRST STATE**  
New York ranks first in the production of talc and gypsum.

**BALTIMORE CAKE** . . . "I remember mama's Lady Baltimore Cake," Maxine Howe tells John Mallonee, who will emcee the Herald-sponsored cooking school here in May. At the same time, she cuts him a man-size wedge of the delicious dessert.

**Tops in Modern Cookery to Be Shown Locally**

Maxine Howe, charming home economist, expert on modern automatic cookery and noted throughout Southern California for her Modern School Gas Cookery classes, is presented by the Herald in a series of old-fashioned cookery skits at the Civic Auditorium, May 14 and 15.

She has developed her programs from old cook book recipes. Such old time dessert favorites as Banana Cream Pie, Date Pudding, Chocolate Roll, Rich Shortcake, and Orange Cream Sherbet will be prepared on the stage. However, instead of appliances of 1910, Miss Howe uses latest models of automatic gas ranges and Servel gas refrigerator.

Her classes will be held from 1:30 until 3:30 each afternoon.

**Trucks Collect Salvage for the Salvation Army**

Salvation Army Red Shield trucks this week are collecting castoff articles donated by Torrance residents who are participating in the annual Salvage Week campaign.

During the salvage drive, which continues through Saturday, a special fleet of the trucks is calling at homes and offices here for out-of-use articles which will be reconditioned in workshops of the Salvation Army Social Service Center which serves this area.

The discards will provide food, shelter and financial aid to men who are unable to obtain employment in private industry because of their handicaps.

Brigadier Ranson D. Gifford, manager of the center, said that during the past year these men were given 258,000 hours of occupational therapy, 59,828 meals, 21,110 lodgings and substantial financial assistance through a social rehabilitation program which is maintained solely by castoff articles.

He reported that the center has continuous need for discarded but still usable clothing, furniture, bedding, dishes, shoes, toys, stoves, appliances, broom-cases, bicycles, rugs, rags and miscellaneous items.

J. Hugh Sherley Jr., chairman of the Torrance Salvage Week Committee, urged local residents who have not already contributed to telephone Torrance 3634 for a truck.

**Three Projects Designed to Save Water Supplies**

Three moves designed to conserve and protect the ground water supply are now under way in the West Basin, according to Water Association reports released this week.

A committee of engineers and attorneys under the chairmanship of Rex B. Goodell Jr. is currently working on a proposal whereby major producers would voluntarily reduce pumping pending a court decision on the matter.

Engineers have plotted distribution systems of water agencies in the Basin and have indicated on maps the location of the several Metropolitan outlets. Next step is the drawing up of a water exchange agreement, which must be prepared before an agreement to voluntarily curtail pumping can be proposed.

The committee is expected to hold its next meeting during the week of Apr. 20.

The Mannattan Beach barrier test now in operation is expected to develop data which will reveal the feasibility of controlling salt water intrusion by injecting fresh water through wells. Board members are considering the formation of a water conservation zone to utilize the data resulting from this test.

A zone, if formed, would provide funds for purchase of water needed to maintain and extend the barrier against the intruding salt water.

Before recommending that the zone be established, the Board is seeking information on its advisability, the adequacy of funds obtainable, and the permanent benefits it might give from the Los Angeles County Flood Control District.

**Kettler Kapers**

**Easter Guests Flock To Kettlerite Homes**

**TEO CUNNINGHAM**  
Lomita 232-J

It sure has been a busy time for Kettlerites, these past few weeks . . . but definitely a time for enjoyment and the gathering together of friends . . . especially over the Easter week-end.

Down there in the first tract, get together, families that has become an annual affair, was the Easter morning breakfast which Mr. and Mrs. John Lie Van hosted at their Reynosa Dr. home. While the children were at Sunday School, the long-eared animal that the children find so elusive, came and hid the eggs for which the children hunted later. In the afternoon, the adults played cards while the children amused themselves at their games. The day was finished off for Jack and Lois Phillips, and children Corine, John and Barbara, Mr. and Mrs. Stewart Todd (Lois' folks) Frank and Faye Curry, and son Bob, and Sally and Ivan Eckersley and daughters Jill and Jan by going out to dinner.

Another Easter morning breakfast and get together was held at the home of Rose and Walt Schaefer on Gramercy Ave. Guests were Rose's father and step-mother, Mr. and Mrs. Joseph Bourget, and Mr. and Mrs. Maurice Bourget all of San Pedro. Later in the afternoon, Rose's sister, Mrs. Harry Holden and son Douglas came over for the afternoon and evening.

Taking advantage of the lovely weather and making good use of their patio, were Mr. and Mrs. Burney Morris, 1815 Reynosa Dr who gathered their relatives about them for a family reunion which included an egg hunt for the children followed by a barbecue dinner. Mrs. Burney was assisted by her daughters, Mrs. Clem Bolles and Mrs. James Munce. Taking part in the annual affair were Mr. and Mrs. Tom Stockman and children Pam and Tommy, Mr. and Mrs. William Munce and children Patty, Janet and Billy, Mr. and Mrs. James Munce and sons Jimmy and Jay, Mr. and Mrs. John McDonald, and children Maurice, Jackie, and Vallerie, Mr. and Mrs. Jim Morrison, Mrs. Robert Munce Sr., all of Wilmington, and Mr. and Mrs. Robert Munce Jr. and children Ellen, Bobby and Leesola of Stockton, Calif. and last but certainly not least, Mr. and Mrs. Clem Bolles and son Tommy, of the Knolls here.

What a wonderful way to spend Easter Sunday.

Herd that the C. M. Pearson's of 2803 Gramercy took off for San Felipe Easter Monday for some sport fishing . . . hope their luck was good!

Larry and Wilma Brown, Reynosa Dr., had as their house guests recently, Mr. and Mrs. Warren Bailey and son Eddie, of Redding, Calif. It was a short visit of only two days, but a most enjoyable one.

Was talking to Mrs. Clayton the other day and how very interesting their trip to Sao Paulo, Brazil sounds. We shall be sorry to see them leaving the Knolls, but with such exciting experiences awaiting them, we can't help but envy them somewhat too. Rev. and Mrs. Wm. Clayton will make their home in Covina until some time in August, doing guest evangelistic work until time for them to leave. The girls, Diana who is a Junior at Torrance High and Mirian who is a freshman, will probably go to a high school sponsored by one of the big American concerns there, while Mom and Dad will probably go to the University of Brazil for two years to become acquainted with the customs and language of the people . . . in the meantime they will establish their work in Sao Paulo and carry it on through an interpreter. Their missionary tour will be at least five years in length, after the first two it possibly will take them into the interior. They will make the journey by boat, taking 46 days and stopping off on the way.

Serviennan home for Easter week-end included Harry Setzer of Walnut St. and Bill Still, (Carmen Neilson's brother) both from San Diego where they are stationed with the Navy. Sgt. 1st Class Sylvester Macrorie, son of the Riggles of Kathy Way also made it home . . . he's presently at Camp Desert Rock just outside Las Vegas, Nev. where the atomic maneuvers are going on. Jack Pees of Reynosa Dr. was missed by his family for he is now stationed at Guam having completed his training at San Diego Naval Base.

Don't forget that interesting film on epilepsy being shown at Torrance Elementary School tonight . . . Mr. William Brods

Speaking of the Wainwrights Dorothy and Norman were hosts to Dorothy's mother, Mrs. Mary Earl of Long Beach, and Norman's sister and her husband, Mr. and Mrs. Alfred McKay and children Connie and Ronnie of Compton for Easter dinner.

We're all still chucking over the shotgun wedding staged by the Jay Cettes at their box social and dance held recently. Lorraine Stanton made a charming bride with her bouquet of garden vegetables, while Gloria Baldwin played the part of "Paw" and Ginny Jones did the whole thing up in real style as the "marrying preacher" . . . Ginny tells me that even her own mother didn't recognize her, but it sure was fun.

LaVonnia Russell of Falena Ave. was a recent hostess to the Executive Board of the Fireladies. Millie West was named canteen chairman for the North Torrance section at that meeting. Louise Davis was one of the hostesses at the regular meeting last week.

The monthly meeting of the Mother's club of Brownie Troop No. 576 was held at the home of Mrs. M. Hussey, 1878 Lincoln Ave. Last week, Committee members appointed for the coming year were Mrs. Phyllis Wolters, finance chairman, M. G. Hussey, transportation, Viola Gores, telephone, Ione Aarup, secretary and party and refreshment chairman, Charlene Alarcon, Mrs. W. Parker and Mrs. Virginia Sorenson, the two new co-leaders were also introduced to the group. Those who forgot the calories and enjoyed the lemon pie were Phyllis Wolters, M. Hussey, Virginia Sorenson, Viola Gores, Ione Aarup, and Leader W. Curtis. The next regular meeting will be held Thursday, May 7th at the home of Phyllis Wolters, at 1844 Marinette St.

The Mothers club of Intermediate Troop No. 936 are busy preparing for their bake sale to be held in front of the Gay Shop Saturday, May 2nd. A special meeting was called at the Betty Otterstein home last Monday evening to discuss final plans for that and also the roller skating party the girls are going to have tomorrow evening.

Thelma and Edwin Friberg 1771 Santa Fe St. look like a pair of extremely happy parents these days, because that is just what they are! Little Ronald Elliott, their second son was born on Monday, March 30th at Torrance Memorial Hospital. The 7 lb. 11 oz laddie clocked in at 11:23 p.m. Brother Eddie, who is a first grader and sisters Gloria and Diann were also very happy about the whole thing. Grandparents are Mr. Ben Friberg, of Torrance and Mr. J. Elliott Green of Markato, Kansas.

Congratulations to you, both families, and all our very best wishes.

Heard that Lucille and Cleo McComas are a little heart sick these days . . . seems that they were not present at the Sa Pedro Drive-in theater where their name was called recently . . . and the pot was of a sizable amount . . . sympathy too that helps any.

**ELECTION RETURNS**  
First national election returns to be broadcast by radio were those which announced the choice of Warren Harding a President in 1920.

**CHINESE ISLAND**  
Hainan Island has been Chinese for about 2000 years.

**Help the YWCA and help yourself to the SWELLEST POTATO CHIPS YOU'VE EVER TASTED!**

**Flavor makes the difference in Bell Brand Potato Chips**

You'll be seeing members of the Y.W.C.A. selling Bell Brand Potato Chips these days. For April 19 to 25 is national Y.W.C.A. week, and your grocer and the makers of Bell Brand Potato Chips are cooperating to help these girls raise funds. Part of the money received from your grocer's Bell Brand sales will go to the Y.W.C.A. fund. For Y-teen funds, or Camp & Conference. What's more, when you buy Bell Brand Potato Chips, you'll be helping yourself to the freshest, crispest potato chips you've ever tasted. So help your Y.W.C.A. — and help yourself — to Bell Brand Potato Chips!

**National Y.W.C.A. Week April 19 to 25, 1953**

**IF IT'S BELL—IT'S SWELL**

**LONG HIGHWAY**  
The Lincoln Hwy., New York to San Francisco, is 3384 miles long.
