

### Sergeant Adopts Baby in Germany

M/Sgt. Artis Wilson Jr., whose parents live at 1467 W. Carson St., hopes to bring a new daughter home when he comes to the United States from Germany on rotation soon.

Sergeant Wilson, a unit administrator with the 28th Infantry Division's 110th Regiment, is having adoption proceedings completed for the 3-year-old orphaned German girl he met through a German doctor a year ago.

Gisela has known Wilson as "Daddy" as long as she has been able to pronounce the name. Each evening after duty hours he calls for her and they have dinner together at the Army mess hall.

The child is being cared for by a German family now, but when she arrives in the United States she will have two brothers and a sister waiting for her with their mother, who lives at 1223 Third Ave., Los Angeles.

he said, their car attempted to run his off the road, then rammed him, and escaped.

At 3:10 a.m., two off-duty officers found the frightened girl running along the street near 175th and Crenshaw, being pursued by the two men in the red Lincoln. They picked up the girl and chased the car into downtown Gardena, where they lost it, according to police reports.

Later, Police Lt. A. S. Thompson and Officer R. E. Walker stated that they had seen the car stuck in the sand at Malaga Cove earlier that night, but that the girl had not complained to them, then. She was taken home.

The assailants' car was registered to Henry W. Kowing, of Rivera, and police had no stolen car report on it, as of Friday.

Two passengers in Wardell's car confirmed his story when he reported the incident to the police.

### Reflections

BY J. HUGH SHERFEY, JR.

JUNE

There have been more epic poems about June than any other month. There are more marriage ceremonies performed during this period than any other two months in our year. There are more fish caught, more miles traveled, more picnics enjoyed, more hungry insects in the air, more sugar used for jam and jellies, more happy greetings when children visit grand parents on farms and at sea shore—it is a month filled with superlatives.

Quail lead their young brood on their first exploration, warm June sun stores sugar in cherries to make them succulent and delicious, artists catch the beauty of billowy clouds and green countryside on canvases; cannoneers click like machine guns as roads, trees and creeks are put on film; June stirs the imagination of mankind evidenced by newly-decorated houses, freshly-planted flowers and lawns.

June is happy time.

helped train the organization at Camp Cooke and in Japan.

Eaton returned to the United States on June 20, '52, and joined

in efforts to reorganize the 40th in the California National Guard once again, an effort confined in some quarters by retention of the 40th's numerical designation on active duty in Korea.

Reorganization officially started here on Sept. 2, 1952.

His command embraces 105 units once again federally recognized in the California National Guard and territorially extends from Santa Maria and the Owens Valley to the Mexican border.

Eaton has attended the Command and General Staff College, Infantry School, and Marine Corps Amphibious School. His decorations include the Legion of Merit and the Bronze Star.
