Round the Riviera

Scouts Plan Tree Sales Near Riviera

By MARY and JACK WEBB FR. 5-3051

Let's start off this week by rectifying the typos that happened on our story of last week concerning the Riviera Boy Scout Court of Honor held recently at El Retiro Park. We've heard from so many on how far off base the story was when finally printed that we felt we should point out weakly that there's a long, long trail a-winding between this typewriter and the printed page. Somewhere along the line from here to the editor to the typesetters to the proofreaders to the presses, the things became confused on the first and second class Scout awards. We'll try it again now, hoping it comes out all pretty and correct in the paper. First, the second class awards. Nine Riviera boys received the award, including Michael Lasky, David Christenson, Brian Jacobs, John Mátute, John Hayes, Larry Kopp, Danny Cool, Stephen Chase and Steven Willett. First while there, they admitted the class Scout awards went to Ronald Regan, Paul Moir, Jim Jennings, Art Hackney and David Stillwell. The Life Scout, Star Scout and Tenderfoot awards were correct as they were published last week.

Speaking of Scouting, may we be the medium through which Riviera neighbors say "well

the Boy Scouts, Explorers, and newly organized, Riviera Sea Scouts are going to sell trees this season. Commencing Dec. 12, our Riviera troops will be ready to sell you your tree. Entire profits from these sales will go to these youth movements here in Riviera. Sportsmen Club Prexy Louis Regan, 265 Vista del Parque, explains that his club is financing the venture and will help out during the first week of the sales, since the boys are still in school. Profits will go to the troops mentioned above in ratio to the efforts each extends. Plan now to pick your tree from their great selections; we personally can't think of a better two-way deal. You'll help yourself while you help our Riviera boys.

Perhaps a trifle premature, but still good news is the intended New Year's Eve dance scheduled to be held under the auspices of the Sportsmen's Club at the Hollywood Riviera Beach Club. Sportsmen Prexy Louis Regan added it will be a party limited to Rivieraans and their guests, and will be replete with horns, hats, hors d'oeuvres and a dance orchestra. Tariff will be \$6 per couple, he says, and invitations may be secured from O. C. Lundstrom who chairmans the committee for the dance, FR. 5-4344.

How time does pass! It's now been one year since the women of Riviera first started their project of making and giving cookies to the veterans at Vets Hospital, Long Beach. Mrs. Lyle Mitchell, 224 Via Linda Vista, reports that the "Operation Cookie" meeting for this month will be held at her home on Dec. 15 at 8 p.m. All Riviera women are invited to attend for a social evening. But bring your batches of cookies for the veterans. If you can't attend but want to bake cookies for the boys at the hospital, call Mrs. Mitchell at FRontier 5-4332 and she will arrange to have them picked up. The women want to make this a specially big Christmas giving for the veterans this year, and are hoping to hear from many of this column's readers. Call her at FRontier 5-4332; your efforts in this direction can definitely make Christmas brighter for a lot of fellows who gave a lot for us.

Tonight's the night for the Pacific Bowl formal dinner, at the Hermosa Biltmore Hotel, reminds Vera Grubbe Hickey, 408-Monte de Oro, Riviera regional chairman. Cocktails at 7, dinner at 8, and tickets may be purchased by phoning her at FRontier 5-5908.

New neighbors department introduces you this week to Mr. and Mrs. Elmer F. Price, now living at 800 Monte de Oro. Mr. Price works for the Torrance School System, and he and his wife moved into Riviera from their former home in Lomita. The Prices were formerly from Rhode Island, and have been here in California for just about a year. They have one son, eight-year-old Elmer Joseph. Former residents at this address were John and Lola Lylas.

Will Zens, 167 Via Los Miradores, and head of Riviera Productions, our local movie-making outfit, has put out a call for two Torrance men to act and speak in a new production concerning the history of Torrance. Will says he is on the look out for an older man, about 60 or 65, old-timer type, to play the lead in this story, showing the growth of Torrance. He's also looking for a narrator who can be any age as long as his speaking voice can come out sounding like the old-timer who will narrate the story of Torrance's history. As with all Zen's public service type films, there is no remuneration attached to the acting and narrating, but a call to Zens at FRontier 5-4592 may put you before the cameras or on a sound track. Will says he'd prefer to have local Torrance men selected for the two parts.

ADD NEW ENIGHBORS: Meet Mr. and Mrs. H. O. Wright who

reside at 326 Via Colusa, together with their 14-month-old daughter, Kathy. The Wrights moved here from their former home in Manhattan Beach. He is a pilot for United Airlines. Former owners of the home at this address were Mr. and Mrs. Jess O. Mortenson, resident manager for Goodyear, who was recently transferred to the Honolulu operation of his rubber company.

Twenty-five Riviera children turned out to participate in the Junior Bicycle Club competition held last Saturday at Riviera School grounds, under the sponsorship of the Riviera PTA. Mrs. John Dowling, Bicycle Club chairman, reported winner of the slow race competition was Frank Reynolds, who managed to cross the finish line last and so place first. Robert Hole was second and Roberta Hole third in this race.

Boys' group winners in the obstacle race were Richard Perla, first; Frank Reynolds, second; and John Dowling, third. First place in the girls' group was Jean Pharris, while Wendla Getzman was second and Roberta Hole third; Mrs. Robert Fox judged the races and Raymond Hole awarded ribbons and certificates from the Torrance Recreation Department.

And may we conclude this week's visit with you by wishing you and yours the finest Thanksgiving ever, from a dining table groaning with turkey and other good things, to the best sense of well-being you've ever enjoyed.

GRAIN CROPS
The United States consumes about 70 per cent of the world's corn, 25 per cent of the world's oats, and 20 per cent of its barley. It produces about 2 per cent of the world's rye.

Christian Science Talk Over KFVB Set Dec. 11

"Christian Science: The Operation of Divine Principle in Our Behalf" will be the subject of a lecture to be radio-cast over Station KFVB (980 kc), Friday evening, Dec. 11, at 8 o'clock, from Twenty-fourth Church of Christ, Scientist, Los Angeles. The lecturer, Ralph E. Wagner, CSB, of Chicago, is a member of the Christian Science Board of Lecturers.

GEYSER OUTPUT

Each time Old Faithful geyser in Yellowstone Park erupts, it discharges enough water to supply a city of about 30,000 inhabitants.
