

Spring Appears—So Do Brooms and Mops

By SUE BURK
 Nice to see all my friends again this week. The weather has been more than a bit wonderful these past few days. The children have been out playing in the sunshine and it's been a good day or two for some of us worried mothers to have a chance at cleaning house. Seeing a house can gather more dust and dirt during the rainy days, what with practically every little foot leaving muddy tracks and always being underfoot when you happen to be so busy.

Turning to the serious side of things for a moment or two, we are very happy to report that Lance Mearing is feeling much better now. His mom, Dorothy, and Lance himself have asked me to express their thanks to all those wonderful people who have been so kind and helpful during his illness. Lance has been in seventh heaven with all the cards and letters he has received. May I personally thank each and every one for the great response and the happiness you have given to a very nice little Scout.

The West's Oldest and Largest Retailers of Auto Supplies
