

Graduation Parties Head Social Agenda

By BERNADETTE WEBER
Frontier 5-2465

For all those who haven't asked yet why the column wasn't in the paper last week I shall explain. Between selling a lot in Hollywood Riviera, buying a new house and leasing out my present home I was kept rather busy till the last day before deadline. When I sat down to my typewriter I discovered that it was out of order. Thanks to James Clark, my next door neighbor, who spent all Saturday afternoon trying to figure out what was wrong, it works pretty well now, except that it still wants to spell words wrong and so forth. So I shall combine the main substance of last week's report with this one.

I quote: "Love many, trust few. Always paddle your own canoe."

The graduation was beautiful. To see that tender group look so grown up makes a person feel very old indeed.

Jerry Harp celebrated his graduation with a party. His sister Barbara helped with entertainment and refreshments. They had a big time—danced and played post office. Guests were Leah Anderson, Barbara Merola, Ellen and Phillip Gaul, Dorothy Belhumeur, Arlene Weber, Betty Morris, Juanita Urdin, Tom Brown, Ralph Muldoon and Larry Hill.

John and Jan Kirby gave a going-away party for Mr. and Mrs. O. R. Hopkins. They are moving to Yorba Linda shortly. Other guests were Mr. and Mrs. Jack Pomeroy, Mr. and Mrs. Edward Fay and Major David Cochran and wife. Believing in

Expenditures for hospital care alone for Los Angeles polio patients during May totaled \$113,536.49, according to Mrs. Clara Conner, chairman of the Torrance campaign for the National Foundation for Infantile Paralysis.

Mrs. Conner said that payments were made to Sister Kenny Polio Hospital, Rancho Los

Amigos, Huntington Memorial, Cedars of Lebanon, White Memorial, Long Beach Community, Hollywood Presbyterian, St. Luke's, St. John's, Glendale Community, Hollywood Presbyterian, St. Luke's, St. John's, Glendale Sanitarium, Orthopaedic, Kabat Kaiser, and Santa Monica Hospital.

From Jan. 1 through June 15, a total of 304 cases of polio have been recorded in Los Angeles county, compared to 166 for the same period last year.

"The Foundation is already carrying the heaviest case load in history," declared Stuart Chevalier, chairman of the Foundation's Los Angeles county chapter. "At the same time the peak polio season during the summer months threatens a real drain on funds. But the Foundation will continue to do everything in its power to provide the best care available to all stricken with this dread disease."

Total expenditures for local care since Jan. 1 amount to \$646,260.25, Chevalier reported. The total spent in May was \$147,836.45, which in addition to providing 6405 days hospital

care, paid for 2355 days convalescent care, 8293 physical therapy treatments, braces, wheel chairs, exams, surgeries and other patient needs.

The money is raised through the annual March of Dimes drive.

BITUMINOUS RECORD
In 1950, 612 million tons of bituminous coal were produced in the United States by 431,000 full-time miners employed in 8400 mines.

THEY'VE GOT TO GO . . . Paul Loranger (left) owner of Paul's Chevrolet, shows J. W. Steele, zone manager of the Chevrolet Motor Division of the General Motors Corp., some of the 51 used cars which have been price-slashed to sell during Loranger's Sixth Birthday Sale-ebriation now in progress.

Chevy Dealer Sale-ebriates Sixth Year In Torrance

Paul Loranger, owner of Paul's Chevrolet, celebrating his sixth birthday in Torrance loaned over a big cake this week, took a deep breath and made a wish: "I hope that everyone wanting a good automobile comes in to see our big stock of 51 low-priced used cars during my birthday sale." If the famous table holds true, the local Chevrolet dealer will get his wish since all six candles yielded their flames as Paul blew across the birthday cake with hurricane force.

Visiting the local Chevrolet dealer during his Birthday Sale-ebriation was J. W. Steele, zone manager of the Chevrolet Motor Division of General Motors

Only 20 Places Remain for 'Y' Camping Period

There are 20 places remaining for the Torrance YMCA camping period at Round Meadow in the San Bernardino Mountains, it was announced this week.

A. C. Turner, chairman of the YMCA board of managers, said that those boys and their parents who have not signed applications for the July 14 to 21 camping period, should get them into the "Y" office right away.

Cabin leaders will be meeting soon for the first of their training sessions, and further information concerning the time of these meetings will be revealed soon by Stan Roberts, camp director and YMCA branch executive secretary.

On another side of the YMCA picture, the "Y" Day Camp will continue with a new period starting on June 29 and running through July 10. Trips planned for members of the Day Camp include a tour of the International Airport on July 8, and an overnight camping trip at Camp Archie Shields on July 9.

Boys interested in joining the next period of the YMCA Day Camp may do so by calling the "Y" at FAirfax 8-1272, any weekday between 12:30 and 4:30 p.m.

LINES BY SOGLOW

Do you honestly know anyone who has won the first sweepstakes? Who has left a fortune? Or who struck oil? No friend of mine has! Nor I! And I bet you never will, friend! The chances are millions to one against such fabulous luck! So, if you are spurning your way through life, waiting for a windfall to support your old age or buy off the mortgage—sorry! It's highly unlikely.

You'd better sign up for Payroll Savings where you work. Start putting a few dollars each payday in Savings Bonds. Then, one bright day you'll have a true windfall! A solid million of United States Savings Bonds!

Corporation. He discussed with Loranger some plans which the latter has for expanding his present facilities at 1640 Cabrillo Ave. to keep pace with the rapidly-expanding Torrance population and with the ever-increasing popularity of Chevrolet products.

Loranger first opened shop in Torrance on June 14, 1947 in a tin building to the rear of the present modern showrooms. Twice the popularity of "Chevies" prompted expansion and is taxing present facilities to the maximum.

The local new and used car dealer has slashed prices to the bone hoping that local car buyers will be able to help him celebrate his sixth birthday by taking advantage of the low prices of his "O.K." Used Cars.

Realty Board To View Film On California

Members of the Torrance-Lomita Realty Board will see a film entitled "New California" when they meet tomorrow at 8 p.m. in the Council chambers at the Torrance City Hall.

The film will feature the highlights and developments of the state, according to Board President Howard Percy, who will preside over the meeting. A review of past activities of the board, its growth and membership, and a display of the trophies won by the board will be part of the evening's program. Pictures of the board's activities also will be shown.

Halle P. Crow, of Lomita, will be in charge of the Ladies Torrance-Lomita Realty Board dinner meeting at Vurp's Restaurant at 6:30 p.m. preceding the evening meeting.

Sermons On Communism To Continue

The Rev. Arthur Bello will continue his sermon series on Communism at the 11 a.m. service of the St. Andrew's Episcopal Church, 1432 Engracia Ave., this Sunday.

The Rev. Bello will attempt to show that Communism is based on false reasoning and is contrary to our Christian faith and civilization in this week's sermon.

Last week, the pastor stated that what we are facing in Communism is a new world religion that says that man can save himself and be a god.

The last sermon of the present series will be given on July 5, and will cover Christianity's answer to Communism.

ELECTRICITY OUTPUT
Daily use of electrical energy by United States manufacturing workers in 1949 was equivalent to the energy of 193 men.
