

NEW ARRIVAL DESTINED TO BE PIN-UP MODEL

The arrival of a new all pink model with a gross weight of 13 pounds, 13 ounces and now equipped with snap-on gable seat covers was advertised this week by Charles H. Jr., a proprietor of Schultz and Peckham, Ford.

The new model arrived by Stork Transportation System 20 a.m. on June 22 at the San Pedro Community Hospital. Body style and appointments are similar to a previous model, LuAnn, which arrived 22 months ago. The model, Teresa Diane, has a dual lung automatic barometer indicating whether—wet or dry.

Mrs. Schultz was formerly Helen Weir, prior to her marriage with Charles. The most recent addition to the line of fine products soon will be on display in private showroom at 1408 Acadia Ave.

Soon to be shown the new model's pick-me-up technique Mr. and Mrs. Charles Schultz Sr., in whose garage at 1408 Acadia Ave. there is usually parked a Ford. Mr. and Mrs. Shirley Dunhouse, maternal grandparents, of Sparta, were advised by Dow Jones ticker of the successful operation of the standard soft-top addition.

Schultz claims no additional production numbers are completed because he can't afford it.

First question Teresa Diane asked was: "When do

boys who shared first place in family lives at 1121 Fonthill Ave. the Scout-O-Rama ticket sale.

Steven Armistead and Ronnie Hagenbaugh are now joint possessors of a cup for their efforts in the ticket sale.

Speaking of kids I wonder who has the largest family in the two tracts. The wagon is round of popples the largest

bedroom homes near 182nd and Orenshaw.

In next month's issue of the Forum, a national Navy magazine, will be found a write-up of Mr. and Mrs. Andy Helms of 2917 Ohrado.

This is probably the only man and wife Navy team, in all Torrance, Mrs. Helms is a yeoman and is seriously outranked by

her husband, Chief Andy Helms. This energetic Navy-boasting couple both received their training at San Diego and have been separated only once while Andy spent ten months on Guam during the war.

When you enter the Helms home, you enter through a hatch, proceed across the deck to the galley and back across the fan tail and turn to the port to the ward room. If that's not enough, call on them some Wednesday or Saturday morning for the traditional baked beans for breakfast.

Vacation time is slowly depopulating our ranks. It's the

Arrangements for the big street lighting battle to be held in Torrance next Sunday are being made and it is going to be a hot one. You won't want to miss it.

Trusdale and her committee are working very hard to make this a success.

The last meeting of the Homeowners Association was well attended and a great problem has been solved.

The street lighting battle is over and the losers have pledged their support to the winners.

It was voted to accept the steel pole, overhead wiring style which will cost each home owner approximately \$30.

In the near future you will be contacted by your block captain to make arrangements for you to pay your \$30. Please cooperate to the best of your ability. It will be necessary to collect all of the money before work can start on this project.

Participation in this project is not compulsory, however, we feel we should receive 90 percent participation.

This voluntary plan was adopted in favor of the long, drawn-out bond issue and special assessment plan.

Summer Camp Day Winners in Torrance

Torrance youngsters who participated in the St. Vincent de Paul camp essay contest will be camped at St. Vincent de Paul camp, thanks to Ralph Schmidt of 1220 Maple was raised in the vicinity of Seattle and Yakima, Wash. He worked his way through high school and won an engineering scholarship to Cornell. During his school years he earned his way as a lumberjack. During the war he had the glamorous role of a B-29 pilot flying 85 missions over Japan.

Too often such energetic, civic-minded men as Ralph serve in important posts with never so much as a thanks from the ones he benefits. It will never be said that we are unappreciative. On behalf of the regular members of the Homeowners Association we would like to thank Ralph for the many unselfish hours he has devoted to the Association and especially to this street lighting deal.

Last Tuesday the Gardens and Plaza Cub Scout Pack were honored with a picnic in Torrance Park. Awards were made to the

WELDERS MECHANICS PIPEFITTERS, Etc.

Are your safety glasses up to date? We can scientifically examine your eyes and supply you with the proper VOCATIONAL GLASSES for your particular job or you can obtain SAFETY GLASSES at your own plant from the results of our examination and we will keep them "lined up" for you.
