**Eggs Guaranteed**  
 An unusual feature which has made many friends for the Jim Dandy Markets and has aided in building up customer confidence is the "double your money back" guarantee that goes with every carton of eggs sold by the firm. It goes without saying that, in order to be good, eggs must be fresh and, unless they are good, no market can guarantee them. Jim Dandy manages it this way: carefully selected eggs are purchased, boxed and delivered to the stores daily. Before purchasing and again before boxing, these eggs are given

the most critical scrutiny and only those eggs which can match a AA standard go into the Jim Dandy cartons. That is why the Jim Dandy organization can offer fresh eggs to the public with an assurance that if there is any complaint, a refund equal to double the purchase price will be made. Naturally, this policy will be an integral part of the operations of the new Jim Dandy Market at 2510 Pacific Coast Highway in Hermosa Beach. A complete selection of fine liquor, beer and wine will be available to patrons of the Jim Dandy Hermosa Market.
