

Graduate Sons, Daughters Of Employes Visit Plant

Sons and daughters of National Supply employes who were graduated from high school in June were invited to be guests of the company for a tour of the plant and offices on July 8.

Not all the more than 25 graduates were able to accept the invitation—as many of them, anticipating college entrance in the fall, went directly into jobs when they finished school in June.

Those who kept the tour date were Chuck Collins, Joann Finney, Marian Greene, Jim Hawthorn, Gloria Ann Redden, Larry Stamer, Burton Wickman, Mike Evans and Tom Akers (who incidentally will be one of the first United States Air Force Academy cadets).

The tour began with a welcome from John Spalding in the plant club room. Then the young people were shown all phases of manufacturing operations in the huge plant from the pouring of steel to the finished product on the assembly floor. Lunch was served in the plant cafeteria, after which followed the office procedure part of the tour. The group spent about six hours at the plant.

Spalding said he felt the tour might be of some benefit in aiding the young people to have some insight into the wide variety of careers available in just one large manufacturing plant.

Accompanying the party and offering explanations concerning work in progress were W. R. Patterson, steel superintendent; George Hatfield, staff superintendent; and Scott Akers, industrial relations superintendent.

June graduates on tour of National Supply Co. watch as Jennie Prevost operates the payroll machine to turn out \$80,000 in payroll checks. Scott Ludlow, supervisor of the payroll department, explains the operation to Burton Wickman, Larry Stamer, Mary Louise Spalding, Joann Finney, Gloria Ann Redden, Mike Evans, Jim Hawthorn, Tom Akers, and Mervin Greene.

ELLINWOOD

Progressive Dinner Enjoyed by 28 Residents Saturday Evening

By JANET ROBINSON and JANET WEAVER
FR 3-7083

Twenty-eight residents of this area got together for a progressive dinner Saturday evening. The evening began at the Ray Lee home at 4432 Green Meadows Ave., with cocktails and hors d'oeuvres. Many clever ways of serving were used. One of the most novel was a hollowed out cabbage with flame emerging from the center. Tiny frankfurters to be roasted in the flame were placed around the outside of the cabbage on toothpicks. Miniature hot tamales were served from a chafing dish, and there were all shapes and kinds of open face sandwiches.

The couples then traveled next door to the Ray Smith home, at 4438 Green Meadows Ave., for appetizers. Fruit cocktails consisting of balls of watermelon, cantaloupe, and Persian melon combined with strawberries and grapes, were served from a large hollowed out watermelon.

The party crossed the street to the Orville Robinson's at 4509 Green Meadows Ave. for salad. Three varieties were served in the patio.

The party then progressed to the next block at the home of the Arthur Austin's, at 4615 Green Meadows Ave., where the main course was served. It consisted of charcoal-broiled steak, stuffed baked potatoes, and green beans served with garlic bread.

Dessert was served at the Blayne Asher home at 4608 Pacific Coast Hwy. Delicious ice cream of all flavors with hot fudge, marshmallow, strawberry, pineapple, and caramel toppings were served.

The evening ended with a party at the Frank Pope home at 4609 Green Meadows Ave., with dancing until the wee hours.

The mothers of the Pacific Coast Little League are forming a softball team of their own. They meet at the Riviera school for practice. We hear that Mrs. Clements of 5302 Calle Mayor is a "Heads Up" ball player. Any of the mothers interested be sure and contact any of the League officers. It should provide lots of fun for both participants and spectators.

Mr. and Mrs. Ralph M. Hendrickson, of 4427 Highgrove

Ave., have just returned from a week's visit to Las Vegas.

Mr. and Mrs. Forrest Du. Quesne, of 28556 Susana Ave., recently returned from a fishing trip in the High Sierras. Louise reports that she caught one large one and one half-pound trout and they caught their limit of string trout every day. They fished in Crowley Lake and at Convent Lake. They enjoyed their outing, but were really glad to get back to baby daughter, Denise. Louise says their next fishing trip will be after Denise is old enough to go along.

Peter Hackbusch, son of Mr. and Mrs. Charles Hackbusch of 4520 Pacific Coast Hwy., celebrated his sixth birthday July 11 by having a Western Party. The garage was gaily decorated for the occasion with multicolored paper streamers, balloons, and stickers.

Those invited were Chuckie Robertson, Joel Thompson, Michael Harney, Johnny Yates, Tommy Bowman, David and Stephen Wilson, Scotty Pesusch, Dennis Carroll and Scotty Forrester.

First prize was awarded to Scott Pesusch for the best costume. He came all decked out in black chaps and vest complete with holsters and large cowboy hat. Prizes were also won by Chuckie Robertson and Joel Thompson.

Marylyn and Charlene, older sisters of Peter and Billie Jean Bowman assisted in serving the boys their ice cream and cake. All of us are happy to see Peter up and around again after his long illness which kept him confined to his home for months.

Mrs. Myrtle E. Johnson arrived Sunday from Fort Worth to visit her grandchildren, the Ray Smiths. She really enjoyed her first plane ride at the age of 88. It is the first time she has seen her 10-month-old great grandson, Corp. Needless to say, she's really enjoying him.

Dr. and Mrs. William Weaver and the four little Weavers, Barbie, Mike, David and Jimmie, of 4433 Green Meadows Ave., enjoyed a wonderful week end in San Diego. They visited the zoo and swam and sun bathed in the pool at the Town and Country hotel where they stayed. They drove down the coast and came back the inland route past Lake Henshaw and Palomar Mountain.

Nancy Rogers, daughter of Mr. and Mrs. Roland Rogers, of 4521 Green Meadows Ave., celebrated her third birthday last Tuesday with four little friends in her home. After an hour of games and play they were served cake and ice cream and punch by Nancy's big sister, Linda, and her friend, Janey Robinson. The little guests included Susie Thorne, Sandra Pesusch, Kajhy Forrester, and Dotty Joe Frey.

In the evening Nancy's grandparents, Mr. and Mrs. Nick Martino and Mrs. Ruba Rogers came down from Santa Monica, and celebration was in order again.

The Orville Robinsons were also surprised at the Rogers home that evening with a lovely cake and ice cream to commemorate their 14th wedding anniversary. Also present were Roger and Doris Chester.

Mr. and Mrs. James M. Potter, of 4433 Highgrove Ave., are entertaining Pat's grandmother, Mrs. V. L. Eddy this week. Mrs.

Reichard to Get New Job

E. S. Reichard, of Redondo Beach, has been promoted to assistant electrical engineer at the Torrance refinery of General Petroleum Corp., according to an announcement by C. M. Reading, manager of the engineering-construction department.

A native of Michigan, Reichard started with the company in 1928. Prior to his promotion, he was chief electrician at the company's Vernon office, a post he had held since 1945.

Eddy is a supervisor of girls at a deaf and blind school in Tucson, Ariz.

If you see a car slowly moving down our streets during the next two weeks chances are it will be one of four young Ellinwood motorists who are in the process of learning how to drive. They are all taking driving lessons. Their car has dual controls so lives and limbs are not in danger. The new students are Elizabeth Adams of 4220 Pacific Coast Hwy.; Dorothy Frey, of 4238 Pacific Coast Hwy.; Roxie Read, of 4817 Highgrove Ave., and Dorothy Wallace of 4709 Highgrove Ave.

The Robinsons, of 4509 Green Meadows Ave., spent a week camping in the Mammoth Lakes area in the High Sierras, where they fished, hiked and rested. Janny and Robby caught three rainbows to show for their efforts.

They visited Devil Postpile National Monument, a strange formation of basaltic lava flow. Also visited was the old ghost town of Bodie, where, at one time, 15,000 people lived. The town was deserted in the early part of the 20th Century after the gold ran out.

On one of their last days in the Sierras, the family went swimming in the hot springs near Crowley Lake. Janny ventured too far into deep water, but her brother, Robby, saw her and pulled her out before any damage was done.

A. H. Bartlett Back to Duty

Return of veteran City Clerk A. H. Bartlett to active duty has been welcomed by his fellow city employes and friends. Bartlett has been inactive for several months due to serious surgery.

In his present position since 1922, Bartlett has been elected at nine consecutive elections to the post. Assistant City Clerk I. J. Hallanger has been acting in his stead during the absence.

Field Weed Burning Fire Spreads to Yard

Smoldering embers allegedly left by a County weed abatement crew at a vacant field were the cause of a fire Thursday which spread to property at 25105 Walnut St., Lomita, where two motors and a pile of lumber were ruined by flames. Value of the damaged property was estimated at \$200, according to records of the Lennox Station of the Sheriff's Department.

Steel Price Upped

United States Steel Corporation and its general operating divisions, American Steel and Wire, Columbia-Geneva Steel, and National Tube Divisions, Wednesday announced that mill prices for the various grades of pig iron produced at their mills will be advanced \$2.50 per gross ton.
