

# ROD & GUN Chatter

By DONNA BARKDULL

Shot-gunners will have another go at it Saturday with the opening of the Southland waterfowl season. As usual those having the time will get their fill of ducks and geese at popular Tule Lake. Areas closer to home aren't as thickly populated with waterfowl, so say the reports, but at least there are a few to bang away at. Several Torrance sports enthusiasts left the first part of the week taking in salmon fishing in the Sacramento River, before heading on to Tule. Los Molinas, where former home town residents Ray and Helen Sleppey have a fishing camp, looks real good! The commercial boys hauling in fish nets about a week ago from the mouth of the river and salmon are moving up full force. Nice steelhead taken there, too.

Local deer hunters stalking venison, keeping up the percentage. After a so-called opening bucks downed since might even beat last year. Lloyd and Louise Fullerton brought back a couple from Kings Canyon one hitting 120 pounds, the other 85 pounds. Heard he really had a bad time when he checked his meat into the frozen food plant. The old boy in charge thinks you had better know how to take care of the meat, after shooting it. More to it than meets the eye you know!

If you don't you'll be told, in no uncertain terms! Best bet is to ask him before venturing. That way you will know for sure that your venison steaks will be the best with little waste. Don't ask me—I don't even know how to clean a fish. Did pull the feathers off a dove once though.

More ninruds checking in deer were Johnny Arapito who drove his little ole forked horn near McCloud. Stan Sellers reaped his from the vicinity near Trinity. Matt Houdashet and Red Brown scored at Bailey Creek in Lassen County.

Big fish-off slated for Sunday when all those taking eligible fish during the season from the boats out of Joe Martins' landing will vie for top prize. Think it's a car of some sort. Anyway will be rooting for someone from local stomping grounds. Several are competing.

Inter club opal eye derby for members of the Gardena Rod and Gun will be going on the same day on the breakwater. Seems odd that they would be fishing there with the big fish-off going on. Thought sure all the hot shots had qualified. Know for sure the ones from the Torrance club did. Gardena club also holding a fish fry at the American Legion Hall this Friday night from 6:00 p.m. until 9:00. Probably be some of the black sea bass their members been getting at Anacapa. Real good eating! Speaking of the monsters (meaning the fish not the members) on second thought—oh well, let it go. Three members of said club broke the world's record, taking them on 45 pound test line. First there was Gene Tolson, then Dick Gedlin and Bill Tolin.

Looking around for hot spots for the coming opal eye derby Nov. 6 when members from all the different rod and gun clubs will compete, was Al Coast and Chuck Richards last Sunday. Al took his limit headed by a three pounder while Chuck ended up with four. The derby slated for Nov. 6 really sounds like it might be good. Rules have been mailed to all rod and gun clubs which specify registration at Pier Point and fishing from small boats taking in the federal, Long Beach and San Pedro break water.

At right half is Roger Metoyer, at left half is Gerl Wight and at full back is Don Kulpack. These three would be the keys to which Nicholson opens his attack. The game following the San Diego tilt should be even more interesting. El Camino travels to Bakersfield, Oct. 22 to play what Bakersfield considers its best. The sparks should be flying from the beginning whistle to the closing gun. Last year the Warriors rolled over the Renegades on the road to the Junior Rose Bowl. No doubt the Renegades will be looking for revenge.

Kids Still Can Sign Up for Flag Football

Openings still are available for youngsters who want to participate in flag football leagues, scheduled to start soon under the guidance of the Torrance Recreation Department.

Boys interested in playing are asked to contact the director at their nearest playground.

## Steinbronner, Meekins Race

Automatically assuming the role of pre-race favorite, Norm Nelson, topflight AAA stock car chauffeur from Racine, Wis., today filed official entry for NASCAR's Grand National 200-mile late model stock car race in Las Vegas Sunday.

Nelson is the first noted triple-A pilot to make an open break with the AAA Contest Board, which withdraws from auto sanctioning when the current season ends. He won the 100-mile AAA stock car classic July 17 at Milwaukee, Wis., a new record average of 76.2 mph.

Representing Torrance will be Chuck Meekins and Fred Steinbronner.

## NORTH BEES 'SHOOK UP' FOR GLENDALE

More lineup changes were made this week by Saxonbee coaches Del Nuam and Herb Blue as the NHS Bee mentors strived for a combination that might bring the locals their first win.

North High's Bee eleven meets Glendale today in a practice game at the T.H.S. field. Game time is 2:30 p.m.

Smarting from being dumped twice, the last time out, 54-0, by a rugged Citrus High crew, the Saxonbees took on two members of the Varsity this week to bolster their forces.

and should add more power to the North team's sagging attack. Wright is a junior; while Ward is in his second year.

The line remains pretty much the same, with Ward now the first string right end and second stringer Ron Hayden up to the first eleven at right tackle.

The coaches have had some trouble getting any semblance of an offense rolling. But this week, the Bees were tossing

the ball all over the lot, trying to gain a little aerial punch. Center Shelly Martin and left guard Ken Knott were selected captains for today's tilt by the coaches.

Glendale runs from the "T" formation.

Both are classified as Bees

## Deer Areas Report Good Takes in First 10 Days

Continuing the trend of opening week end, the Sierra deer season prospects continue excellent, with latest returns more than ten per cent above the record 1954 year, the Department of Fish and Game reported.

Major deer counties such as Alpine, Eldorado, Lassen, Modoc, Shasta, Siskiyou and Star Diego are running well ahead of their last year's totals.

Although the current season is running ahead of the record 1954 hunt, returns were spotty, with tag returns delayed in some cases.

Game management officials believe that the 1955 season will turn out at least as good as the record 1954 season.

## Warriors Host San Diego in Metro Contest

By JOE GIORDANO

El Camino's Warriors play host to a once-beaten San Diego eleven this Saturday on home grounds at 8 p.m. in the second Metropolitan conference game for each squad.

San Diego was upset by Harbor JC in a close game last week despite the great running of halfback Art Powell. Powell has gone for six touchdowns to date and is considered a very tricky ball carrier. He's the younger brother of the San Francisco 49ers' defensive end, Charley Powell.

Warrior quarter back Jerry Nicholson hasn't done bad for this early in the season either. He has gone for six touchdowns and has passed for two more. It ought to be a great battle between this two backfield giants.

El Camino's backfield is loaded with material this year. Behind Jerry Nicholson are Phil Shepherd and Jim Lindsey. Both can take the helm at any time without throwing the Warriors out of step in the least.

It is too bad that all this talent has to be wasted on the bench.

At right half is Roger Metoyer, at left half is Gerl Wight and at full back is Don Kulpack. These three would be the keys to which Nicholson opens his attack.

The game following the San Diego tilt should be even more interesting. El Camino travels to Bakersfield, Oct. 22 to play what Bakersfield considers its best. The sparks should be flying from the beginning whistle to the closing gun.

Last year the Warriors rolled over the Renegades on the road to the Junior Rose Bowl. No doubt the Renegades will be looking for revenge.

Openings still are available for youngsters who want to participate in flag football leagues, scheduled to start soon under the guidance of the Torrance Recreation Department.

Boys interested in playing are asked to contact the director at their nearest playground.

Rules have been mailed to all rod and gun clubs which specify registration at Pier Point and fishing from small boats taking in the federal, Long Beach and San Pedro break water.
