

Drunk Drivers To Be No. 1 Holiday Target

An all out enforcement effort against drunk driving during the Christmas and New Year holiday periods was announced today by the California Highway Patrol and the State Department of Alcohol Beverage Control.

A joint statement by Patrol Commissioner Bernard R. Caldwell and ABC Director Russell S. Munro indicated both departments will place strong emphasis on the elimination of drunk driving during the coming holiday season.

"Our combined efforts should curtail the incidence of drunk driving and help keep the traffic accident toll down," declared Munro. "Each department will be directing much of their activities toward the control of the drinking and driving situation."

Caldwell reported that 70 persons were killed in traffic accidents on California's streets and highways over the 1954 Christmas and New Year holidays.

"Although we are going to take positive enforcement action in an effort to successfully control our drunk driving problem, we need the help of every citizen," Commissioner Caldwell emphasized. "Only through combined efforts can this serious holiday situation be controlled."

TORRANCE "GIVING BIG" TO CHEST. — Because Torrance residents "gave big" in this year's Community Chest campaign, residential unit of Torrance Red Feather appeal topped their quota by 105%, the first residential volunteers in Harbor area to meet their goal. Mrs. Betty Rowell, Torrance residential chairman who is serving Chest for the first time, points out campaign slogan to City Chairman Phillip Lisman, who said that Torrance is within \$768 of meeting their Chest goal, having raised \$17,742, or 95.85 per cent of their quota to date.

Fathers Hail School Meet

A solution to the pressing school problem in Torrance and elsewhere is offered in the recommendations of the White House Conference on Education, according to Sam Freeman, president of the North Torrance Fathers Club.

The group is well pleased with recommendations that federal aid be used to aid schools with urgent growth problems and is sure that Torrance eventually will benefit. "We will do what we can to

give our support to the community through the PTA, civic associations, elections, and in any other way," Freedman declared. "We are sure that at last the problem is on the way to being solved."

The fathers' group had been critical of the local school board's handling of the double sessions problem here, particularly at Perry School.
