Customers will step into a world of beauty expressed in an unusual color scheme of crystal green and "pink satin" with accents of moulin rouge red, spacious aisles, brilliant lights, and sparkling fixtures. They'll find every newest supermarket convenience, including a snack bar, cosmetic department, plant bar cut from solid rock, automatic doors, island frozen-food cases, reach-in beverage cabinets filled from the other side, and a giant wall store directory. Ten "Zephyrs," world's fastest checkstands, will speed customer through the stiles. This largest Ralphs store

covers an area totaling 34,200 square feet, with 21,750 square feet devoted to the spacious shopping area. What may well be the world's longest bank of mirrors occupies most of one side wall . . . a panel extending 106 feet in length above the produce section.

Warehousing for such a gigantic operation would ordinarily take up to 12,000 square feet, but thanks to the new streamlined handling of incoming goods and direct filling of shelves, only 7000 square feet need be devoted to storage.

Now, parking is a different matter, and this phase has been planned so generously that more than 5000 cars will be accommodated at first opening.

"South Bay Shopping Center will be the perfect example of modern one-stop shopping convenience," says Sidney F. Brody, president of Brody Investment Co., owner and developer of the Center. "By the end of August the blue ribbon group of fine retail shops will number 36 and when the May Company store opens in another year the Center will contain 650,000 square feet of sales area and will cover 55 acres."

Separation of pedestrian and vehicular traffic is planned, with a system of underground ramps handling most of the trucking. Protective passageways and daylight lighting are other developments in accord with the latest architectural thinking in shopping center

development. The world's largest automatic bowling alleys and a fine restaurant are already in operation at South Bay Shopping Center.

OPENING SET . . . The new Ralphs South Bay Store in the South Bay Shopping Center at 174th St. and Hawthorne Ave. has been scheduled for next Thursday, May 2. A giant celebration sale is planned in all Ralphs stores.
