**POWERS**

"I cannot conscientiously recommend a 'Yes' vote to the people on this highly technical and controversial measure... Because of my familiarity with the many technical problems involved in providing the proper conservation of our oil and gas resources, I shall vote 'No' on Proposition 4." *Lieutenant-Governor Harold J. Powers.*

**Attorney General**  
**BROWN**

"I am going to vote against the proposition because it is, I believe, unwise to by-pass the legislative process in such a complex and controversial matter." *Attorney General Edmund G. Brown.*

**Assemblyman**  
**MILLER**

"I believe in the theory and principle of conservation, but there are so many possible legal interpretations of many provisions of this measure, that I do not believe it should be fixed into law by the initiative method where it will not be amendable by the Legislature." *Allen Miller, Chairman, the Assembly sub-committee on tidelands.*

**Ford Trucks LAST LONGER**  
 ...less to own... less to run... last longer, too!

Before you buy your next truck, look at both sides of Ford's story of value. You'll like what you see.

Look at costs. Ford's first cost is low. Resale value is high. Modern Short Stroke engines—V-8 or Six—are designed for less friction, less wear, lower running costs. Maintenance costs are lower, too, because Ford trucks are built stronger for rugged long life.

Look at what you get and you'll see you get more for your money in a Ford. For example, only Ford gives you modern, gas-saving Short Stroke power in every truck, V-8 or Six. More comfort with a Driverized Cab. More safety with Ford's exclusive Lifeguard features.

Look carefully... consider everything. You'll agree Ford trucks cost less, give you more. If you want a great deal—a great deal more for your money—see your Ford Dealer.

The big fleets buy more Ford trucks than any other make.
