ARMED FORCES

BASIC TRAINEE . . . Airman Stephen A. Beckett, son of Mr. and Mrs. W. E. Beckett, 4210 W. 177th St., currently is completing the first phase of his basic military training at Lackland Air Force Base, San Antonio, Texas.

LOCAL AIRMAN . . . Airman Henry H. Bochesa, 19, son of Mr. and Mrs. Leo Watkins, 808 Patronella Ave., is completing the first phase of his basic military training at the "Gateway to the Air Force," Lackland Air Force Base, San Antonio, Texas. Upon completion of this training, he will be assigned to a technical training course or an advanced basic training course leading to a specialized Air Force job.

AT LACKLAND . . . Airman Perry A. Cushman, 18, son of Mr. and Mrs. Joseph Haslett, 20935 Halldale Ave., is taking his basic training at Lackland Air Force Base in San Antonio, Tex. The basic military training lays the groundwork for either an on-the-job assignment or vocational schooling.

John R. Finlayson Wins Doctoral Degree
 John R. Finlayson of Torrance has been awarded a Doctor of Philosophy degree by Rutgers, the state university of New Jersey.

Dr. Finlayson was one of approximately 1700 students of 14 colleges and divisions of the state university who received degrees at the 191st anniversary commencement.

LAMPSHADE EXHIBIT SET

An exhibit of lampshades made in adult education classes will be displayed next Thursday at the Walter Park Recreation Center, Pacific Coast Hwy. and Hawthorne Ave.

Various types of original shades made by students will be featured from 2 to 4 p.m. and from 7 to 9 p.m., according to the instructor, Viola Boas. Refreshments will be served.

Summer classes in lampshade making will begin in the South Bay Adult Center, Pacific Coast Hwy. and Diamond Redondo Beach, at 1 p.m. on Monday, June 17, with class members bringing scissors, pins, and needles, as well as the lamp base and old shade.

USEFUL GAS
 Nitrogen, being a nearly inert gas, is useful as a kind of guardian in many industrial applications to give protection against some phases of injurious chemical reactions.

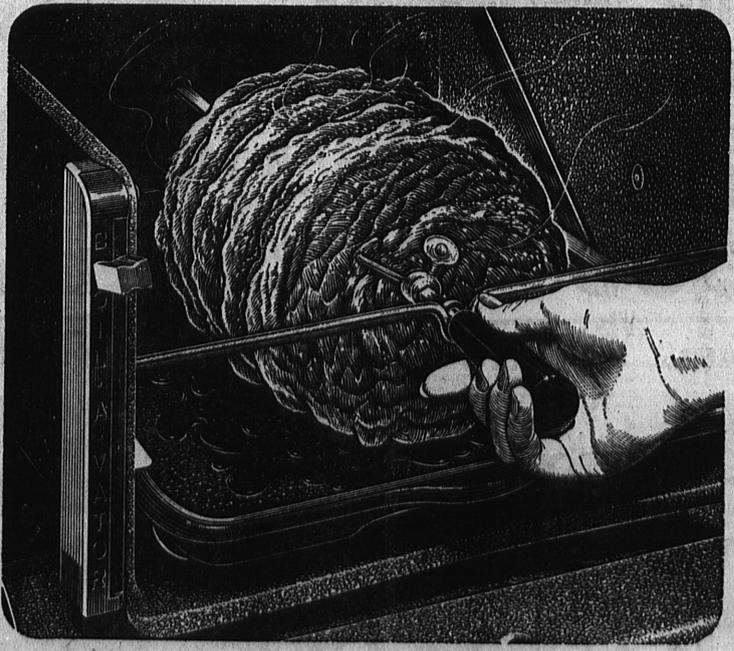

AGENCY OPENS . . . A new industrial advertising agency, Raymond E. Wallace, Advertising, Inc., recently opened offices at 340 Tejon Place in Palos Verdes Estates. Wallace, who resides in Rolling Hills, plans to offer Southwest industry all phases of advertising service including sales promotion advice, budgeting and planning, media evaluation, media space buying, creative art and copy, technical writing and illustration and a complete graphic production department. Fred Hoctor has joined the firm as accountant executive.

WHAT GIVES? . . . Lori Hix, all of 10 months, seems a little surprised by the proceedings at Cedars of Lebanon Hospital, where she's a patient in the Pediatric Department. Somebody forgot to tell the young daughter of Mr. and Mrs. Larry Hix, 2015 Arlington Ave., that Mmes. David Tannenbaum (left), president of the Women's Guild, and Mervyn LeRoy were turning over a check for free bed care to Hart Isaacs, president of Cedars. Taking part in the transaction were (from left) Louis E. Golam, Cedars fund raising chairman, and John N. Levi, Cedars treasurer. Mrs. LeRoy chaired the Women's Guild Jack Benny concert with Philharmonic Orchestra which raised \$82,000.

Tender...juicy...flame-kissed flavor!
 Smoke-free, too, when you barbecue with GAS!

LIVE FLAME BARBECUES BEST!
 The rotary barbecue in the broiler of a new Gas range cooks with live flame that really barbecues! The clean blue Gas flame seals in flavor and goodness... imparts a flame-kissed flavor!

FLAME CONSUMES SMOKE, SPATTER!
 You have no eye-smarting smoke when you barbecue with Gas. The clear blue Gas flame consumes smoke and spatter... helps keep your kitchen clean. Melted fats drain beneath grid.

YOUR KITCHEN STAYS COOLER!
 With Gas, you barbecue with the broiler door closed—keeping excess heat out of your kitchen. Also, heavy insulation helps keep heat in. See the barbecue model Gas ranges at dealers or Gas Co.

The new **GAS** ranges cook faster, cleaner, cooler—cost less, too!
