Cagers Begin Practice at Long Beach

Basketball took over the sports spotlight at Long Beach City College this week as all other fall sports completed their regular seasons.

After opening the 1957-58 season against the Alumni last Tuesday, coach Charlie Church's varsity will travel to meet a strong Los Angeles City College quintet next Tuesday, Dec. 3, and will host Pasadena City College in another practice game on Dec. 6.

Named to the tentative starting lineup this week were forwards Bill Jordan (6-3) Ron Whitley (6-4), center Dick Markowitz (6-4), plus Bob Berry (5-10) and either letterman Dan Ayala (5-10) or Jim

Name Five Top Bowlers as 100 Games Finished

In the final round of the Men's National All-Star Eliminations at the Torrance Bowl, O-Drome, Hank Leuman, remained in the top spot.

The other top four bowlers turned out to be Howard Holmes, Bob Prince, Woody Peltner and Joe DeMichele. The five Southland stars averaged 211 for 100 games.

Noel (5-9) at the guard positions.

Among the newcomers on the starting team, Markowitz was an all-state performer at Allentown, Pa.; Berry was a regular on the Long Beach Naval Station's championship team last year; Jordan is a transfer from Illinois State Normal; and Whitley was a sharpshooter and rebound specialist at Jordan High.

Grid Contest

A 13-year-old freshman at South High School correctly named all the winning teams in the Nov. 17 HERALD Football Contest.

Brian Griff, son of Mr. and Mrs. Ray Griff, 415 Camino del Campo, predicted the outcome of 14 games. The contest was so close that the half time and total scores of the USC and UCLA game, had to be used to break a tie.

Griff, who wins tickets to the L. A. Rams-Green Bay Packers game Dec. 8, also will be given a free year's membership at Cal. Gym.

Drome Mixed Fives to fourth place. Currently, the team is only four games behind the league leaders—Chandler Sand and Gravel. C. Mayfield leads the men's high game with 265 while E. Field tops the series class for men with 683. Both roll for the C. Mayfield team.

In the Lou Villars "825" Scratch, Lou Villars has the weekly high series of 634 while Bill Fry recorded the week's high game of 223. Both have a way to go to reach season highs of 653 by Bill Catlett and 254 by John Werhas.

R. Blum with a 698 leads the series sec for Marine Clerks League while R. Thornton, chalked up a 255 game. The Aces are only one game in front of the Termites, with the league in its 11th week.

ROD & GUN Chatter

By DONNA BARKDULL

Turkey-time by the calendar, but deep sea fishing continues to make like the middle of summer. Yellowtail action from San Diego to Paradise Cove continues red hot. Also plenty of boneheads and baracuda.

Joe Martin's San Pedro landing, sending only the New Dina Lee chalked up 21 yellowtails and 20 boneheads on Mondays run with only a handful of anglers. Last Thursday's Santana failed to hamper deep sea sport as some vessels wracked up a total of 41 yellowtail, 45 bonita and 137 barries.

Ardent surf fishermen are working likely strips of sand up and down the coast, most intent on finding hot spots for perch derbies slated for just about every Sunday by one club or another. Gardena Sporting Club takes over this week end offering really terrific prizes to anglers checking in with the largest barred perch. Registration begins at midnight Saturday at Wileys, popular bait and tackle shop on 101 highway.

Reports state new flights of ducks have invaded the Imperial Valley and along the Colorado River from Blyth and on south. Good shooting at the Salton Sea on both ducks and geese, while Tulle Lake, usually the hot spot for duck hunters panned out a disappointment in that department to Dean and Gary Barkdull, Harvel Guttenfelder, Chic Hill, Johnny Rowe, Clyde Bottrell and ump-teen others making the long trip the last couple of weeks. Was real good for the opening of the short pheasant shoot, geese good too, but not enough ducks to worry about at the present.

As I See It

by Handy Andy

We see where a native-born Texas writer has registered a big beef on behalf of about 8,500,000 other Texans. This fellow claims that almost 95 percent of the folks down that-a-way aren't really like the Texan in the joke you heard last night. The average citizen of the Lone Star State doesn't have either an oil well or a "King" size cattle ranch to his name. Yet whenever he crosses the boundary, he's expected to live the part. He's supposed to throw his money and his weight around, boast loud and long about Texas and Texans, and generally be a happy-go-lucky trouble-rouser.

A magazine ran an article recently titled, "Emotional Upsets Are Good for You." Maybe so... but they can sure be tough on everyone around you. What's good for one isn't always good for another. And that certainly applies to people when it comes to choosing their style of haircut. The way we look at it, you're the best judge on how long or how short your hair should be, or where you want it parted... and, whatever the style, you're the best judge of a barber shop when you make regular visits to Handy Andy's, 1104 Crenshaw Blvd. Visit our Merle Norman studio.

Former Torrance residents Ray and Helen Sleppy who now have the River Inn and Trailer Park at Los Molinos, California, play host each year to a man from their home stomping grounds.

Most recent batch of local sportsmen invading the area included Helen and Ben Smith, Clyde Bottrell, Johnny Rowe, Erney Maloy, the Kred Kimberelys and the B. J. Scotts. Terrific fishing and hunting all around them: Ben and Johnny each bagged a wood duck, which I understand is pretty rare. Pheasant hunting was good, steelhead fishing good, plenty of quail and an abundant amount of squirrels. Just about everything anyone would care to hunt. Heard tell the secret spot for the squirrels, located by the Torrance mob has a Torrance city limit sign. Nothing squirrely about our hunters and fishermen, not much anyway.

Optometrist at Meet

Dr. Eleanor Z. Thill of Waterloo is attending a four-day series of postgraduate lectures in Santa Barbara on the subject of "Subnormal vision in children and young adults."
