Carson Library Eyed

William S. Geller, assistant county librarian, has announced that a building of about 4000 square feet is being sought for a branch library to serve the Carson district. If the people want two branch libraries, then the 4000 square feet will be divided, he said. The library committee of the Carson Civic Betterment Assn. will hold a conference with the county library staff this week to discuss the pros and cons for one or two branches in this area, and decide on possible locations for same. One location that has been considered is near 220th and Main Sts.

Does your heart good!

THINK of the exertion you'd avoid with an additional phone in your bedroom.

No stairs to travel down and up again with a phone beside you. And they come in such lovely colors, too!

Call the General Telephone Business Office, they will be glad to tell you how little this added convenience will cost.
