## Knowland's Voting Record Given As Strongest Plank in Platform

Sen. Bill Knowland's voting record as a California state legislator and United States Senator is one of the strongest planks in his platform, his Southern California campaign chairman, said today.

Ray Arbuthnot, the Southland chairman, said Knowland's concern for all segments of California's population is indicated in his voting record. Knowland is a candidate for governor.

The following exemplify the senator's legislative record, Arbuthnot said.

Helped draft California's first unemployment insurance law, which remains as the basic law of the state.

Brought civil rights bill (the first to pass Congress in 80 years) before U. S. Senate.

Backed legislation outlawing yellow-dog contracts.

In U. S. Senate, supported the Federal Government's unemployment compensation program.

Voted for minimum wage increases and legislation establishing standards to govern employe health and welfare funds.

Introduced teachers' retirement bill.

Supported California's claims for power of state waterways in opposition to Federal Government claims.

Supported Federal appropriations for California water projects.

Sponsored bill enacted into law affirming states' rights to ownership of oil-rich tidelands.

Supported California farms in their request for flexible rather than rigid price supports.

Voted to revise income tax laws to give millions in tax relief to Californians.

Voted for three minimum wage increases and social security amendments which brought thousands of Californians into the system and raised benefits for the aged, blind, disabled dependent children, retired persons.

Opposed presidential authority to draft strikers into army during national emergency.

Voted to increase railroad workers' benefits.

Voted for legislation increasing pay for postal workers.

Voted for Taft-Hartley Act to safeguard rights of general public, of individual employe, of the union, and of the employer and to provide machinery for settling labor disputes.

This year, Knowland proposed legislation to provide a Bill of Rights to workers. He also announced he would give full support to bills continuing federal aid to school districts burdened by federal activities, and providing for vital California public works projects.
