SUCCESSFUL PAN BROWN POTATOES

Potatoes need a hot cooking temperature. Roasts need a low cooking temperature to keep meat tender and juicy. So 45 minutes before roast is done, boil your potatoes 15 minutes and drain. Then place hot potatoes in meat drippings around roast. Turn them several times with tongs to prevent breakage. Finish cooking potatoes with meat. Salt before serving.

Joe Doss to Head Second Annual Airport Day Fete

The second Annual Torrance Airport Day will be held on Saturday, Sept. 12, it was announced yesterday by President Fred W. Mill of the Torrance Chamber of Commerce.

The event will be sponsored by the airport commission of the city and the Chamber, Mill added.

Joe Doss will act as general chairman of the event, which officials say will be much larger in scope than last year's initial event.

Doss said that with the Powder Puff Derby set to start here in 1960, city and Chamber officials are interested in a program to increase air-mindedness among Torrance area residents.

Other committee chairmen include Tom Abrams, decorations; Robert Morris, public relations; Bill Critchfield, facilities; Ray Sloan, publicity; Bill Everett, program; E. G. "Slim" Kidwell, aircraft display; Emery Stromberg, air race; Ed

Paper Firm Expands Area Sales Staff

West Virginia Pulp and Paper Co. has expanded its multiwall bag sales staff in the West Coast area in order to handle a growing volume of business, it was announced yesterday by Jason M. Elsas, regional manager of the company's Multiwall Bag Division.

Eugene Revelle, a veteran authority in the bag field, has been appointed as a sales consultant, working out of the Torrance sales district. He will headquarter in Denver, which has been his residence for many years.

William M. Ritchie, of the Denver sales office, has been promoted to the position of technical service representative at Torrance, and will work with R. J. Gigger.

William H. Liebetrau, formerly sales representative in the Kentucky and Tennessee areas, has been named to replace Ritchie.

Elsas said that Revelle and Liebetrau will devote their primary efforts to serving customers in the Colorado, Wyoming, Utah and Idaho areas, where new markets are opening for multiwall bags made of Clupak stretchable paper.

In addition to increasing the division's sales staff in these areas, Elsas stated that the appointment of a new technical service representative gives the Torrance plant two capable people in this specialized field — Ritchie and Gigger.
