

Garden Checklist

1. Keep mildew in check on roses and tuberous begonias by spraying before it shows up. On begonias, be sure the spray you use controls begonia mildew.
2. Prune leggy growth on roses, fertilize and water slow and deep to promote good bloom for fall.
3. Start sowing winter vegetables. Carrots, lettuce, radishes, broccoli, cabbage and cauliflower are all candidates.
4. Add color to sun decks and terraces by shopping for container plants in bloom. Where such areas are shaded, add a hanging basket of begonias or fuchsias.
5. Feed lawns lightly if it's been a month since you last did it. Water them deeply and regularly through the hot weather of August and September.

Retail Management TRAINEES

Earn while you learn — young men 20 to 26 years — 2 years college or more. You may qualify for an interesting and profitable career with a fast growing national variety department store chain. Starting salary based on individual qualifications. Life insurance, surgical and hospital benefits, pension plan. Paid vacations after one year.
