'Show Boat' and Mt. Baldy Host Torrance Teens

A musical comedy and a mountain setting will be visited by teen-age groups in programs planned by the Torrance Recreation Dept. during the next two weeks.

Joe E. Brown, the cavernous-mouthed comedian, will be seen in a performance of "Show Boat" at the Philharmonic Auditorium on Aug. 18. The bus leaves at 7:30 p.m. and the cost per person is \$2.75.

Mount Baldy's famed ski lift will be visited on Aug. 23, with the bus leaving at 8 a.m. The cost, including transportation, ski instruction and a ride on the lift is \$3 per person.

Both trips will leave from the Recreation Dept. Headquarters, 1511 Cravens Ave., where reservations may be made.

Arts Center Readies for Open House

Puppet shows, tumbling demonstrations, craft displays, folk singing and dancing will highlight the annual summer open house of the Torrance Arts and Crafts Center on Aug. 18.

The event is scheduled for 7:30 p.m. at the center in Sea-Aire Park, 22730 Lupine Dr. The park staff is cooperating in staging the reception.

The activities of hundreds of youngsters at the center and park will be epitomized at the affair.

For instance, the center has had an Austrian theme this summer and this will be exemplified by child-made crafts, puppets and costumes.

August is a good month to give your patio or deck a lift by adding a tub or two of color. You'd be surprised how little it takes to make a big difference.

Because we built Medallion, we gained an extra room

Mrs. Richard Davis, in her total electric Gold Medallion home

"OUR original plans called for a furnace room," Mrs. Davis, Southern California housewife, relates. "But when we decided to go total electric, we didn't need a furnace room. Instead, I used the same space for a sewing room. And our clean, radiant ceiling heat feels just like sunshine."

Mrs. Davis, a former home economics teacher, also speaks with authority on the advantages of flameless electric cooking. "Along with being cleaner, it's more even. You get the exact heat you select every time."

A mother of four, Mrs. Davis finds that the electric hot water heater easily supplies family demands. And her utility bills, she says, are comparable to the combination utility bills of neighbors with similar size homes and families.

It's easy to see that Mrs. Davis enjoys more of

modern living in her total electric Gold Medallion home. So will you, when you buy or build a home to Medallion Award standards.

Only one new home in five qualifies for the Medallion—an award which assures you:

1. All-electric kitchen equipped with major electric appliances, including flameless range and oven.
2. Housepower wiring to make modern electric living possible.
3. Light for Living—lots of light for comfort, safety and beauty.
The Gold Medallion Award signifies the ultimate in total electric living. It adds:
4. Flameless electric space and water heating.
