## Film on Cancer to Be Shown to Area Women Early in December

South Bay women will be invited to take part in a state-wide "saturation" showing of an American Cancer Society film which explains how uterine cancer — the second most common cause of cancer death in women — can be almost eliminated as a killer, it was announced here today.

Mrs. Charles Gilkison, film showing chairman, District 8 of the Los Angeles County Branch of the Society, said that two free showings of "Time and Two Women," an American Cancer Society film which explains the life-saving potential of the cell examination test for uterine cancer, have been scheduled here for Dec. 7 and Dec. 9th.

THE SHOWINGS will be sponsored by the American Cancer Society and many local organizations in cooperation with local theater managers and projectionists.

"Inside Magoo," featuring the famous near-sighted cartoon character stumbling over the Seven Danger Signals of Cancer and through a health examination, also will be shown.

The local theater at which the films will be run is the Strand, 302 South Catalina Avenue, Redondo Beach.

SCREENINGS have been scheduled for Wednesday, Dec. 7 at 1:30 p.m. and Friday, Dec. 9th at 10:30 a.m.

The two films have a total running time of approximately 25 minutes, and will be followed at each showing by a question and answer period conducted by a local physician.

THE SHOWINGS in Redondo Beach are being arranged as part of an intensive state-wide American Cancer Society program to alert California women to the part they can play in protecting their own lives against uterine cancer which last year killed 15,000 women.

Mrs. Gilkerson said that although uterine cancer is considered to be from 90 to almost 100 per cent curable if it is diagnosed early enough, only 55 per cent of its victims are now being saved.

"This needless loss of life is partly because not enough women go to their doctors yearly checkups, including pelvic examination and a examination test for uterine cancer," Mrs. Gilkerson declared. "The cell examination makes it possible for doctors to detect uterine cancer months and often years before symptoms develop, and therefore increase the chances of cure."

"Time and Two Women" a clear and direct explanation of what uterine cancer is and why the cell examination test is so vitally important to life and health," she said. "I hope that every woman in the South Bay Area will come at bringing at least one friend to one of our free showings."

Edward M. Miller, machinist mate fireman, USN, son of M and Mrs. R. E. Miller of 1682 Della Ave., returned to San Diego, Calif., Oct. 12 aboard the attack aircraft carrier USS Ticonderoga from a cruise with the Seventh Fleet in the Western Pacific.

The ship visited Hawaii, Japan, Okinawa, the Philippine Islands and Hong Kong, and was a unit of the task group that escorted President Eisenhower from Manila to Formosa during his visit to the Far East in June.
