SAV-ON CLEANERS

Nearing completion and ready for a huge March 29 opening, the latest link in the growing Akron chain is located at Hawthorne Blvd. and 180th St.

A great deal of interest has been aroused throughout the Torrance and South Bay area by the impending opening since the Akron is a pioneer in new and distinctive merchandising techniques.

MAINTAINING purchasing offices all over the world, from

Calcutta to Copenhagen, the Akron has long specialized in decorator items from abroad. Original Italian oil paintings join with native African sculpture from Kenya and contemporary teakwood furniture from Denmark to make up a typical Akron promotion.

And at the same time an Akron store overflows with complete lines of garden equipment, sporting goods, housewares, paints and carpeting. Akron Research tests all items, both foreign and domestic, before they are offered to the public.

PART OF THE Akron atmosphere has been the carefree, friendly atmosphere of the store, with the emphasis on comfortable browsing followed by quick service.

"We try to maintain a colorful, exciting feeling in our stores," according to General Manager Richard Hadel. "Shopping can be fun . . . and we want to make an hour at the Akron a happy experience for

the whole family."

The new Akron building, designed by Rick Farber & Assoc., and built by Century Properties, Inc., occupies an area of 40,000 square feet on Hawthorne Blvd. with additional acreage for 400-car parking. The long, low structure boasts every modern convenience, including a teletype system and refrigerated air conditioning.

The store will be managed by a Torrance resident, Dudley Beckett, now busily occupied with preparations for the grand opening on Tuesday, March 29, at 9 a.m.

Pvt. Barbara S. Duehring, daughter of Mr. and Mrs. Melvin Duehring, 1691 Gramercy Ave., completed the typing and clerical procedures course at The Women's Army Corps School, Fort McClellan, Ala., March 10.

Private Duehring entered the Women's Army Corps in October 1959 and received basic training at the fort.

She is a 1959 graduate of Torrance High School.

FOREMOST TASTES FRESHER* in formula

THAN ANY OTHER EVAPORATED MILK

*Naturally it tastes fresher . . . Foremost is processed in seconds—10 times faster than any other brand! This "fresher-tasting" process means Foremost tastes most like fresh milk—makes baby's transition from evaporated to whole milk easier. And it smells most like fresh milk—no more of that over-cooked "canny" odor on baby's breath. Try it yourself—you'll find it really is fresher. Ask your doctor—he favors Foremost, too.
