

Sound Business Principals Cited As Policy by New Store Manager

His company devotes great effort to building a good reputation, says Fred Blazek, manager of the new Market Basket food store opening today at 1401 S. Hawthorne Blvd.

Ryan Aero to Consolidate Activities

Ryan Aeronautical Co., which has had its activities centered in six operating units, three of them of major significance, has now consolidated all company functions into these three principal plant facilities. These are the Aerospace plant at Lindbergh Field, San Diego; the Electronics engineering and research facility on Kearny Mesa, San Diego; and the Electronics production plant in Torrance.

THE FORMER developmental operation in the Pasadena plant, Aerolab Development Co., which designed and assembled space sounding rockets, has been sold. Arrangements have also been made to sell interests in two partially-owned subsidiaries, Communications, Inc., in a Canoga Park plant, and Transdata, Inc., located in San Diego. The latter two organizations, with a total of 28 employees, were engaged in communications development work and in data handling.

As a result the company will pursue space and avionics programs at the Aerospace plant in San Diego instead of through subsidiary organizations at other locations. It is believed that these projects can be more economically and efficiently performed at this facility with closer coordination and organizational control.

CONCENTRATION of functions into the three major plants ties in with recent organizational changes and consolidation of certain management responsibilities. These included appointment of G. W. Rutherford, formerly vice president and division manager of Ryan Electronics, as vice president-operations for the entire organization; and the advancement of H. L. Fontaine, from vice president-operations, Torrance, to vice president-manufacturing for the company.

Residents on Area Board

Three residents of Torrance will be installed as officers of the newly formed South Coast Botanic Garden Foundation Friday at a dinner at the Elks Club in Redondo Beach.

Edgar H. Shaffer serves as treasurer. Mr. and Mrs. Fred Bode are on the board of trustees. In addition, Bode is on the budget and finance committee.

Dr. William S. Stewart, distinguished director of the Department of Los Angeles County Arboreta and Botanic Gardens, will be the speaker.

PURPOSE OF the foundation is to support and promote the new county botanic garden which is under way on the site of the Palos Verdes landfill on the Peninsula.

"Sound business principles and absolute fairness which has marked its dealings throughout 31 years of operation is credited with building the public confidence enjoyed by Market Basket in every area in which it operates," says a statement of policy issued by the company. It continues:

"THE COMPANY stands behind every product it sells and the sale itself constitutes a guarantee that the product is exactly as represented. Money is refunded cheerfully and promptly if merchandise is unsatisfactory for any reason at all.

"Before being released for publication, Market Basket advertising is subjected to the same thorough checking that food products receive before being placed in the company's stores.

"MARKET BASKET never adds a food product to its vast stock of top quality merchandise before giving careful consideration to the manufacturer or processor, the merits claimed for the product, and its acceptance by homemakers.

"In the case of its advertising messages, every ad is carefully checked before publication. Doubtful or misleading statements are never permitted to appear. The company strives to keep its messages to the food-buying public informative and easily read.

"Market Basket advertising has always stressed the quality of the product carried by the company and the courtesy and cleanliness to be found in its stores and emphasis is given to the unqualified guarantee of every article sold."

Real Carnival Atmosphere Set For New Market

A real carnival atmosphere will prevail at the opening of the new Market Basket at 1401 S. Hawthorne Blvd., say officials of the market firm.

The gala celebration will feature dozens of free prizes, refreshments, entertainment and bargains in all departments, according to the management.

Prize drawings will be held each Saturday for two weeks for sets of prizes including a 14 ft. Lido Class Sailboat, a 9 ft. Naples Sabot Sailboat and a mink stole. No purchase or drawing attendance is required. Entrants simply sign their names and addresses and deposit tickets in boxes provided at the store. Entries must be made and deposited at the new Redondo Beach market only, it was emphasized.

OTHER PRIZES to be given away include a dishwasher, a hi-fi console, other electric appliances, and bags of groceries.

Refreshments served Thursday, Friday, and Saturday will include Funfair sundaes. Cotton candy and popcorn will be served Friday and Saturday. Ladies will receive gifts and free orchids, and balloons will be given to the children during the first three days.

CHIEF ROLLING Cloud will make a personal appearance and distribute free headresses to the children from 10:30 a.m. to 4:30 p.m. Saturday. Also on Saturday the Fraser Highlanders Bagpipe band will play from 3:30 to 5 p.m.

Later features of the celebration include free Tinkertown carnival rides at times to be announced next week.
