

GO ONNA GET WET . . . Getting ready to make the fatal plunge down the city plunge's new water slide is Nancy Hornbeck. The slide is one of the popular new facilities at the Torrance pool, which is open from 1 to 4:30 and 7 to 9:30 daily; from 10 to 12 and 3 to 5 Saturdays and 1 to 5 Sundays. Family Night is from 7 to 9 Thursdays and adults only swimming from 7 to 8 Fridays.

El Camino Instructor At Institute

Leo E. Kallan, chemistry instructor at El Camino College, will participate in a group of one hundred chemistry instructors who will study intensively the new Chemical Education Material Study Text and Laboratory Program. He will attend the Western CHEM Study Institute, supported by the National Science Foundation, for five weeks commencing July 15 at Marvey Mudd College in Claremont.

KALLAN WILL return from the institute and use the Chemical Educational Material Study materials in his beginning chemistry teaching assignment at El Camino College for the 1961-62 school year. The beginning chemistry course at El Camino is a high school equivalent course taught for students who did not take chemistry in high school, or who wish to strengthen their background before chemistry. The CHEM Study objectives include the development of new teaching material for the high school chemistry course and a revamping of the curriculum to give added emphasis to the role of the laboratory in the study of chemistry.

Kallan is the only junior college instructor to be included in the CHEM Study Program this year. El Camino College is the second two-year college to be included in this event. Oakland City College was included with 24 high schools during the initial CHEM Study Program last year.

IN ADDITION to Kallan, the Harvey Mudd Institute will include ten high school instructors from Southern California who will work with Professor Lloyd E. Malm of the University of Utah, currently on leave as assistant director of the CHEM Study Program. Similar groups of eight to ten instructors from the Chicago, Minneapolis, Seattle and San Francisco areas will be included. A champion institute is also being held at Cornell University.

El Retiro Park Scene of Annual Pancake Feast

El Retiro Park in Hollywood Riviera will be the scene of the eighth annual pancake breakfast Sunday, sponsored by the Hollywood Riviera Democratic Club.

The public is invited to "all you can eat" of pancakes, sausages, orange juice, coffee and milk, according to Gus Anastassiou, president. A donation of one dollar for adults and fifty cents for children is asked. Children under six will be admitted free. Several door prizes will be awarded during the festivities which begin at 7 a.m. and continue until 1 p.m.

The 17th Congressional District's Democratic Council will attend the breakfast. This will be their final meeting prior to reorganization of the districts due to the recent reapportionment of the State.

sity for the eastern part of the country.

Kallan has been a member of the El Camino faculty for four and one-half years and has been primarily concerned with the beginning chemistry course. He has also been instrumental in forming an engineering materials laboratory at the college. He received his master's in chemical engineering from the University of Michigan.
