Mormons Plan Pioneer Day Celebration for Saturday

Members of the Redondo Stake of the Church of Jesus Christ of Latter Day Saints will celebrate the 114th anniversary of the arrival of the Mormon band of pioneers in the Salt Lake Valley Saturday. The all-day event will start at 10 a.m. at the Stake Center, 2000 W. 174th St.

The story of the arrival of the Mormons is an interesting one. It is pieced together from articles in newspapers, magazines, diaries, and books of the church. Religious persecution drove the band from New York to Ohio. Illinois and Missouri, but the mobs continued to burn and pillage the people of the church.

GOVERNMENT protection was not forthcoming, even though the church requested it. Finally, the Mormons were driven from their city of Nauvoo, Ill., and under the leadership of Brigham Young, then president of the church, the band began its long journey to the great Salt Lake valley.

Plague, starvation, exhaustion, and the cold weather made the journey almost unbearable, but knowing that their trek was for the purpose of gaining religious freedom, the band continued on.

They traveled by oxen, wagon, and on foot. The plague killed 600 of the pioneers in one winter, but the rest continued westward, never wavering in their conviction.

THE WEARY band entered the barren desert valley that surrounds the Great Salt Lake on July 24, 1847. They worked the valley until it became one of the great agricultural places in the west.

The Redondo Stake center and officials of the church have invited all members and friends to attend the Pioneer Day celebration. A real pit barbeque will be served, and plenty of games, booths, and contests will provide action for the whole family. Adequate parking is available at the Stake Center.

Truth Sermon Slated to Be Given Sunday

The vital importance of the inspired Word of the Bible will be emphasized at all Christian Science church services on Sunday in the Lesson-Sermon entitled "Truth."

Paul asserts in his epistle to the Romans (15:4), "For whatsoever things were written aforetime were written for our learning, that we through patience and comfort of the scriptures might have hope."

Correlative citations will include the first tenet of Christian Science: "As adherents of Truth, we take the inspired Word of the Bible as our sufficient guide to eternal Life" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 497).

The Golden Text is from Psalms (57:9, 10), "I will praise thee, O Lord, among the people: I will sing unto thee among the nations. For thy mercy is great unto the heavens, and thy truth unto the clouds."
