

Sen. Kuchel Seeks Names For Academy

U. S. Sen. Thomas H. Kuchel of California has announced he has vacancies to fill this year at all four of the United States service academies and is now accepting applications from aspirants for appointments to the classes entering in the summer of 1963.

With entrance examinations to be given in July, the California senator will select young men for three openings at the Naval Academy and two openings at the Military Academy. He also will nominate 10 individuals for the Mer-

chant Marine Academy and 11 for the Air Force Academy.

DEADLINE for filing names with the senator in order to be admitted to the scholastic tests is June 4. The examinations, held in many California cities and conducted by the U.S. Civil Service Commission, are scheduled for July 9. Kuchel's ultimate selections will be made on the basis of scores in the Civil Service tests.

Altogether the California senator will pick for consideration at the two oldest acad-

emies 26 students from his state for three openings at Annapolis and two places at West Point.

FINAL CHOICES for admission will be made by authorities at the service institutions. Interested young men should write to Senator Kuchel's office at the Capitol, Washington, D.C., promptly, supplying biographical information and requesting a form on which to record their interest in competing for one of the numerous nominations.
