State Polio Immunization Law Amended

Officials of the Torrance Unified School District reminded parents yesterday that the amended Polio Immunization Law becomes effective Aug. 1.

Two significant changes were made in the law when it was amended. The basic intent remained unchanged, however.

The two changes made are: first, pupils who have no poliomyelitis vaccine may be admitted to school on condition that he begin immunization within two weeks and present evidence of satisfactory immunization one year later.

Second, the law does not apply to any person seeking admission to a secondary school as an "adult" or to anyone who passes his 21st birthday before the first day of the semester.

Employers' Wage Reports Due July 31

Tuesday, July 31, is the deadline for filing California Unemployment Insurance wage reports and paying state unemployment taxes for the second quarter, reports W. P. Nebergall, auditor at the Long Beach district office.

Employers who fail to file wage reports or pay the required taxes will reduce their chances of receiving a lower rate for next year, Nebergall said.

Employers needing assistance in preparing their reports may contact the Audit Office at 1315 Pine Ave., Long Beach, or call HEMlock 7-0171.
