AiResearch Gets Order For Cooler

A contract for the research and development of a closed loop cryogenic cooling system has been awarded Garrett-AiResearch, Los Angeles, by the Space System Division, Air Force Systems Command, Los Angeles.

The first \$225,000 contract calls for AiResearch to closely coordinate an applied research program with the Space Systems Division. The program will analyze, design fabricate and test experimental cooling devices using non-reciprocating (turbine) cooling techniques.

Garrett-AiResearch has long been associated with the development of turbomachinery, having produced thousands of cooling turbines, compressors and small turbine engines.

Women Pilots End Busy Summer; Plan for Fall

Changing from the casual cotton costumes used in summer flying activities into more appropriate flying wear are three local women pilots who have been chosen for the second year to direct the activities of the Long Beach Chapter of The Ninety-Nines, Inc., international organization of licensed women pilots.

A weekend fly-in to Modesto for the annual 99 fall sectional meeting Friday and Saturday was announced by chairman Mrs. Robert P. Pinkney, 361 Paseo de Gracia. Also planning to make the flight in their own planes are co-chairman Mrs. Robert Ross, 4738 Bindewald and Mrs. Ellis O. Wagner, 2516 Palos Verdes Blvd.

MRS. PINKNEY recently returned from an All Woman Air Tour sponsored by the 99's which covered Pomona, Calif., Las Vegas, Nev.; Cedar City, Utah, and Phoenix and Tucson,

Ariz. Accompanying her during the five-day flight was no. flying passenger Mrs. T. I. Corazza of Hollywood Riviera, who increased her interest in aviation with practical air navigation. With her husband, Robert, also a pilot, and children Tim, 14, Judy, 12, and baby Alice, 1, the Pinkneys summer vacationed by air touring California and Oregon.

Actively serving as a board member for the All Woman Transcontinental Air Race, more commonly known as the "Powder Puff Derby," was Margaret Ross who was responsible for the verification and approval of the mechanical condition of all race aircraft. Climaxing the year's race preparation was the flight to Oakland for the start, and the flight to Wilmington, Del., for the terminus.

Mrs. Geri Hill, a teacher at South High School, who is serving as governor of the southwest Section of The Ninety-Nines, Inc.

Although membership in The Ninety-Nines is limited to women holding private pilot licenses or better, the chapters encourage attendance and participation of women student pilots in various 99 activities.

The October meeting will be held at the home of Mrs. E. Wagner and will feature the movie "How To Use Your Eyes At Night." The film is designed to further air safety for the pilot by stressing the physiological changes that occur during the evening hours, and how to cope with them. This meeting will be open to husbands, referred to as "49 1/2-ers."

Youth Band To Parade At Pomona

HIGHLIGHT of the summer for Judy Wagner was participating in the AWTAR for the first time. Flying solo, Mrs. Wagner flew the family plane and placed 16th, averaging 15 knots above her handicap speed of 158 knots.

Also flying to Modesto will

The Los Caballeros Youth Band of Torrance will perform at the closing day parade of the Los Angeles County Fair in Pomona on Sept. 30.

Under the direction of Mrs. W. E. Roller, the group, wearing Spanish costumes, will feature cape twirlers and "moraca girls."

Carrier Loses Bike; Trudges Around Route

Local Man Gives Blood To Red Cross

A Torrance man, Capt. Clyde Ewing 16805 S. Yukon Ave., was one of seven Los Angeles County employees honored this week for outstanding participation in the Red Cross blood program.

Ward Miller Jr., one of the HERALD's outstanding home delivery carrier boys, is working under a handicap this week.

While he and his brother visited a department store in the North Torrance area during the weekend, someone got away with the bicycles each had ridden to the store.

As a result, Ward is forced to trudge around his HERALD route with his heavy bundle of papers.

If someone knows something about Ward's bicycle — or that of his brother — information would be appreciated by the boys' mother, Mrs. Ward Miller Sr., who resides at 18319 Mansel Ave. Information can be telephoned to her at 371-7698.

Local Man Gives Blood To Red Cross

JOINING RED CROSS in citing the "big donors" for their "unselfish" contributions of blood to the health and welfare of this community" was Supervisor Ernest Debbis.

He pointed out that in 1949 county employees gave 2,110 pints of blood and in the first seven months of this year they have given 2,539 pints making it possible for them to go over the 5,000-pint mark in 1962.

"L. A. COUNTY employees have played a major role in making the blood program here the largest in the world," stated Daniel J. Haughton, president of Lockheed Aircraft and chairman of the Red Cross regional blood program.

In addition to collections held exclusively for county employees, they often are among the donors participating in community bloodmobiles such as the one scheduled for Torrance, Nov. 29th.

Polio Clinic Set

FOOD GIANT "I buy the best meat here!"

"My family and I all agree that the meat I buy at Food Giant is wonderful! Eleven years ago, when this market opened, my husband and I were among the first customers — and we've been shopping here ever since! You see, I know that I can always find the very best meat for my family here. Meat is a large part of my food budget and Food Giant's low prices help to keep it balanced. I think our boys and girls are a healthy, happy recommendation for the fine nutrition and eating enjoyment that Food Giant meats have given us!"
