

Tickets for King Dinner Available, Chairman Says

A limited number of reservations are still open for the testimonial dinner honoring Congressman Cecil R. King on Nov. 3, at the Thunderbird International Hotel in El Segundo, according to Charles H. Wortham, dinner chairman. The event, sponsored by community leaders and friends of Congressman King, will honor his 20 years of service in the U. S. House of Representatives for the 17th Congressional District. The dinner is being supported by both Democratic and Republican voters of the dis-

trict, and Chairman Wortham states that the affair will be attended by many high officials from federal and state offices. Tickets for the King Testimonial Dinner may be secured by sending a \$7.50 donation per person to the Commemoration Dinner Committee, P. O. Box 350, Redondo Beach, Wortham said. A reception is scheduled for 6:30 p.m. at the Starlite Room. Dinner will start one hour later in the Crystal Room.

Toastmasters Pick Top Speaker, Seat Officers

Dr. Charles O. Hopkins of the South Bay Toastmasters Club walked off with formal speaking honors at the club's meeting this week and then topped his performance by winning the "Toastmaster of the Year" award.

Dr. Hopkins won the evening's judging with his talk, "Our Country's Political Dynasty."

Tom Rische, South High School Journalism instructor, took the impromptu honors with his part of the discussion on the general topic of Cuba, and presented a formal speech on photography.

New officers of the club were installed as a climax to the evening. Taking their chairs during ceremonies presided over by Jack Erving, assistant governor of the area, were James Riple, president; Dr. W. J. Labit, educational vice president; Donald J. Payne, administrative vice president; Steward McDonald, secretary; Carl Wagoner, treasurer; and Dr. Hopkins, sergeant-at-arms.

The group meets each Wednesday evening at 6:45 at the Redondo Beach Elks Club.

Guidance Workshop on Gifted Student Slated

A workshop for administrative and guidance personnel of the county, one of eight being sponsored by the Los Angeles County Schools, according to Dr. C. C. Trillingham, county superintendent, will be held at Hickory Elementary School tomorrow.

Purposes of the workshop, according to Harry Smalenburg, county director of the division of research and guidance, will be to focus attention on recent research and on developing well-rounded programs for gifted students.

The meeting will begin at 9 a.m. at which time Dr. Charles E. Bish, director of the NEA project on the academically talented, and Dr. Ross M. Cox, assistant director of the NEA project, will present a resume of the philosophy, administration, articulation, and evaluation of programs.

and introduce the noted educators.

Dr. Bish, having had a full background in public education as a teacher, administrator, and college professor, has formed definite opinions about education. One of the strongest concerns waste of talent—what he calls, "permitting youngsters to avoid opportunities that would help them work up to their full capabilities."

Dr. Ross, in expressing his philosophy of education, is a strong advocate of individual differences. He believes it is the duty of every public school system to provide the best possible learning experience that a teacher or system can create in order to meet individual youth.

THE AFTERNOON session, beginning at 1:30 p.m., will consist of discussion of specific problems of outlining academic programs for the gifted student. Donald Duncan, curriculum consultant for the Torrance Unified School District, will chair the sessions
