Toastmasters Range From Heaven to Earth in Talks

Heaven and earth were the subjects covered by toastmasters Dr. Charles O. Hopkins and John Chadwick of the South Bay Toastmasters Club last week.

Chadwick, a noted historian of this club, delivered his speech describing the geological evolution in the Paleozoic, Mesozoic, and Cenozoic areas. The speech won top honors of the evening for Chadwick.

Runnerup for top speaking awards was the space-probing speech delivered by Dr. Hopkins. His speech covered some of the problems that will be encountered in the communications with other planets in our ever expanding scientific space probes.

Other talks were given by B. F. Stevens and Dr. W. Labit. Stevens spoke of the necessity of increased life insurance benefits. Dr. Labit spoke of American heritage and what all citizens should know of it.

GUEST SPEAKER of the evening, Dick Dane of Toastmaster Club 2008 (North American Aviation) presented an educational speech concerning the history of Toastmasters which was of particular interest to the non-member guests that were present.

The remainder of the month

and also the month of December will be geared for the benefit of guests of the South Bay Club. Additional guest speakers will be featured to enlighten the guests seeking to learn of the benefits and functions of Toastmasters.

MEN INTERESTED in developing the art of public speaking, developing leadership abilities, and who are interested in conducting meetings through actual experience are invited to attend the South Bay Club Wednesday evenings, 6:45 at the Redondo Beach Elks Club. For additional information call Don Payne at FR 1-2566.

Scout Troop Holds Pancake Breakfast

LUCKY-HIRAM'S OWN HOME ECONOMIST!

What kind will YOU buy??? This year, Lucky-Hiram's shoppers will have the greatest choice of turkey ever before offered anyone . . . anywhere!!! The traditional plump ready-for-the-oven birds, ranging in size from 8 to 22 pounds, will be available in abundant supply in all stores. A completely boneless turkey, weighing from 4 to 6 pounds is now available also. This has been carefully boned and rolled with alternating layers of seasoned white and dark meat. There is absolutely no waste, bone, or fat and each slice offers both white and dark meat. A third choice is the new turkey breast package, a 3 to 4 pound roast, ideal for the small family wanting all white meat. A fourth selection is the turkey leg roast with thigh included, weighing 3 to 4 pounds. This one bought separately, or in combination with the turkey breast roast, ideally solves the problem of "extra" portions. Whatever your choice this Thanksgiving season, remember to allow enough for both extra servings and extra guests! All Lucky-Hiram's have complete cooking directions for conventional oven roasting, as well as foil roasting for all size birds. Pick up your free copy at the meat counter!
