

## Local Coed Wins \$100 From Bank

Susan Anderson of 20853 Dalton Ave., has won a \$100 cash award under Bank of America's Junior College Business Awards program, it was announced by Wendell C. Black, president of Harbor College.

Susan lives with her sisters and parents in Torrance. She is a graduate of Gardena High School where she became a member of the California Scholarship Federation in June of 1961.

After visiting Harbor College she decided to enroll during the fall semester of 1961 and is taking an accounting-business administration major. She is now a member of the sophomore class and will graduate in June.

PRESENTLY Susan is a member of Alpha Gamma Sigma, Harbor's honor society and is vice president of Spars, which is the school's honorary service organization for women students.

After her education requirements, Susan's plans include working in a large banking or manufacturing firm in the accounting or business administration field.

THE CASH awards will be presented March 22, at a banquet at the Beverly-Hilton Hotel, Los Angeles, where the bank will honor all winners from Southern California junior colleges.

SUSAN'S NAME will be added to a permanent plaque which is kept at Harbor College and to which names of each year's Bank of America Award winners are added.

Also receiving a \$100 award was Miss Marsha Sheanin of Los Angeles.

## Freedoms Mean Much To Student

By BARBARA ADAMS Meadowpark School

Democracy means to me that we have power to support and make our own laws in the way we want to.

People will have freedom to vote and choose the president that will best fit our qualifications and the president that will make them known to every good citizen.

It means to me a freedom of speech and talk with our own free will saying what we want, when we want to. There is freedom of religion, you can worship God without being afraid of getting taken in by soldiers as in Russia. There's freedom of any type of work you can do or is fit to your ability.

Grown-ups or boys and girls have freedom of complete education of their choice. A freedom of the rich and poor—they have their rights in court of law. People have rights to a trial by a jury of fellow citizens.

They have freedom of press which allows papers to be printed of their own opinions on all subjects.

Also without freedom of speech, there would be no democracy, and freedom of speech is one of the most important of all to me.

## Discussions Held Weekly At Menorah

Temple Menorah, 1101 Camino Real, Redondo Beach, holds a weekly discussion group on Sunday mornings as a part of its adult education program.

The purpose of these discussions is to study and discuss various aspects of Judaism, as a religion and a way of life.

Dr. Leonard Cole, chairman of the discussion group, explained that the approach is an informal one, under the guidance of lay people. However, Rabbi Henri Front and Max Rauch, director of education, give their professional assistance when needed.

At the present time, under the guidance of Carl Pearlston, the group is making inquiry into an introduction to the Talmud, that segment of the Hebrew sacred writing second in importance only to the Holy Scriptures.
